**OFFICER'S STATEMENT:**

On 04-03-19, at approximately 1344 hours, Officer Lacarra #5113 and I responded to a call of shots fired in the trailer home park located at 190 E Calle Primera. Upon arrival we took perimeter position at the end of the culdasc on Sunrise, west of the target location. While on the perimeter I heard 1 gunshot coming from the trailer park. Approximately 30 seconds later I heard 3-4 additional gun shots. Unit advised over communications that the suspect was down. Officer Lacarra and I checked 3 residences just west of the shots, [REDACTED] to ensure no rounds impacted any occupants or residence. All occupants were safe.

After the scene was secured we made our way to 190 E Calle Primera to assist at the scene, I was directed to take a few witness statements. I first spoke with [REDACTED] who essentially stated the following:

**STATEMENT of [REDACTED] (Witness):**

I had just gotten [REDACTED] and was getting ready to sit down and eat with my [REDACTED] when we heard two shots. It was around 1 something I think. I thought it was a fake rifle. I stepped outside of [REDACTED] and saw my [REDACTED] pacing back and forth with a rifle in his hand. He appeared angry and I thought he was arguing with his [REDACTED] or [REDACTED]. He turned around and saw me and said "I had already told her." I ran to the [REDACTED] of the trailer park [REDACTED] to tell him what I saw and to call the police, he didn't, so I went to the [REDACTED] and she called the police. I was standing by outside and then I saw him over by the light green volkswagon still carrying the rifle. Then he walked back towards the west side of the trailer park. I saw the officers arrive and I directed him in the direction he walked to. Few seconds later, I heard approximately 4 more shots towards the direction he had walked.

When I saw him he didn't appear to be all there. He seemed like he was crazy or talking to him-self.

After speaking with [REDACTED] I then spoke with victim/witness [REDACTED]. He essentially stated the following:

**STATEMENT of [REDACTED] (Victim/Witness):**

I was working at the [REDACTED] on the second floor when I heard 2 shots. It sounded like it came from the trailer park somewhere. I wasn't sure if it was real or not it sounded like fireworks. I noticed a male with a red shirt carrying something but I didn't pay attention to it because he was running and laughing. I couldn't tell what it was. We lost sight of him. I continued talking with my [REDACTED] and then my [REDACTED] yelled look. I looked over and noticed the guy with the weapon. He was screaming things in English I don't know what he was saying. He then made a movement towards us pointing the weapon in our direction, I don't know if he was going to shoot in the air or at us. All I know is that I was scared that he was going to shot me. I got scared ran into the room and dove onto the ground. I heard approximately 4-5 gun shots and waited in the room for several minutes before walking out of the room. It sounded like the first two shots were slow and then the last 3-4 were back to back. I started looking for my uncle and co-workers to make sure they were ok.

After speaking with [REDACTED] I spoke with [REDACTED]. He essentially stated the following:

### STATEMENT OF [REDACTED] (Witness).

I contacted [REDACTED] and she essentially told me the following: I was inside the [REDACTED] office. I heard there was a person with a weapon by the trailer area. The person with the weapon was wearing a red shirt. I needed to pick up some documents from my [REDACTED]. I thought I could go to my [REDACTED] to pick up my document and then leave. When I left the office I saw the man with the red shirt by the main entrance. I went around the hotel and arrived at my [REDACTED] at space [REDACTED]. I saw my [REDACTED]. I don't recall his last name. I told him about the man with a weapon, wearing a red shirt and told him to go inside his house. When I was standing by my [REDACTED] I did not see the man anymore. I saw my other [REDACTED] had the windows open. I knew her [REDACTED] were at home. I told them about the man with the gun wearing a red shirt and they closed their windows. I went inside my house at space [REDACTED]. I closed the curtains of the front of my [REDACTED] and hid in the back. A short time later I heard two gunshots. I went to the front of my [REDACTED] and peaked through the windshield. I saw my [REDACTED] talking to the man with the red shirt. They were standing fairly close to each other. **Officer's Report:**

On 04/03/19 at about 1336 hours, I monitored a radio call of a person with a rifle firing shots at the trailer park next to the Travel Lodge. I responded with Officers Panches, #5350 and Maximo Hernandez, #7581. On arrival, I found Officer Verduzco, #7409 doing CPR on the suspect who had a wound to the back of his head. Officer Martinez, #7591 was unloading/making safe an assault type rifle, removing the magazine, removing the round in the chamber and locking the action open. I determined it was the suspect's weapon and I told him to leave it where it was. I assigned Officer Berton, #7654 to stand by with it. Sgt. Breise, #6633 removed Martinez from the scene.

I learned the number and direction of the shots fired by Officer Martinez from Sgt. Breise. I directed officers to check the welfare of the occupants of trailers in the direction of those shots. There were no injuries. I determined that there were no outstanding suspects. Fire personnel arrived and attempted to revive the suspect without success.

I directed officers where to put up perimeter tape and establish security for the scene. I then took responsibility for directing personnel for scene security while Sgt. Breise briefed Homicide Detectives.

Detectives completed their investigation and I cleared the scene at 2055 hours.

### OFFICER'S STATEMENT:

On 04-03-19 at about 1335 hours, Officer Martinez #7591 and I were on patrol in full police uniform and driving a marked police vehicle when we responded to 190 W Calle Primera to investigate a report of a male discharging a firearm. It was reported a male was possibly in possession of an AK-47 style rifle and shooting it in the trailer park at the location.

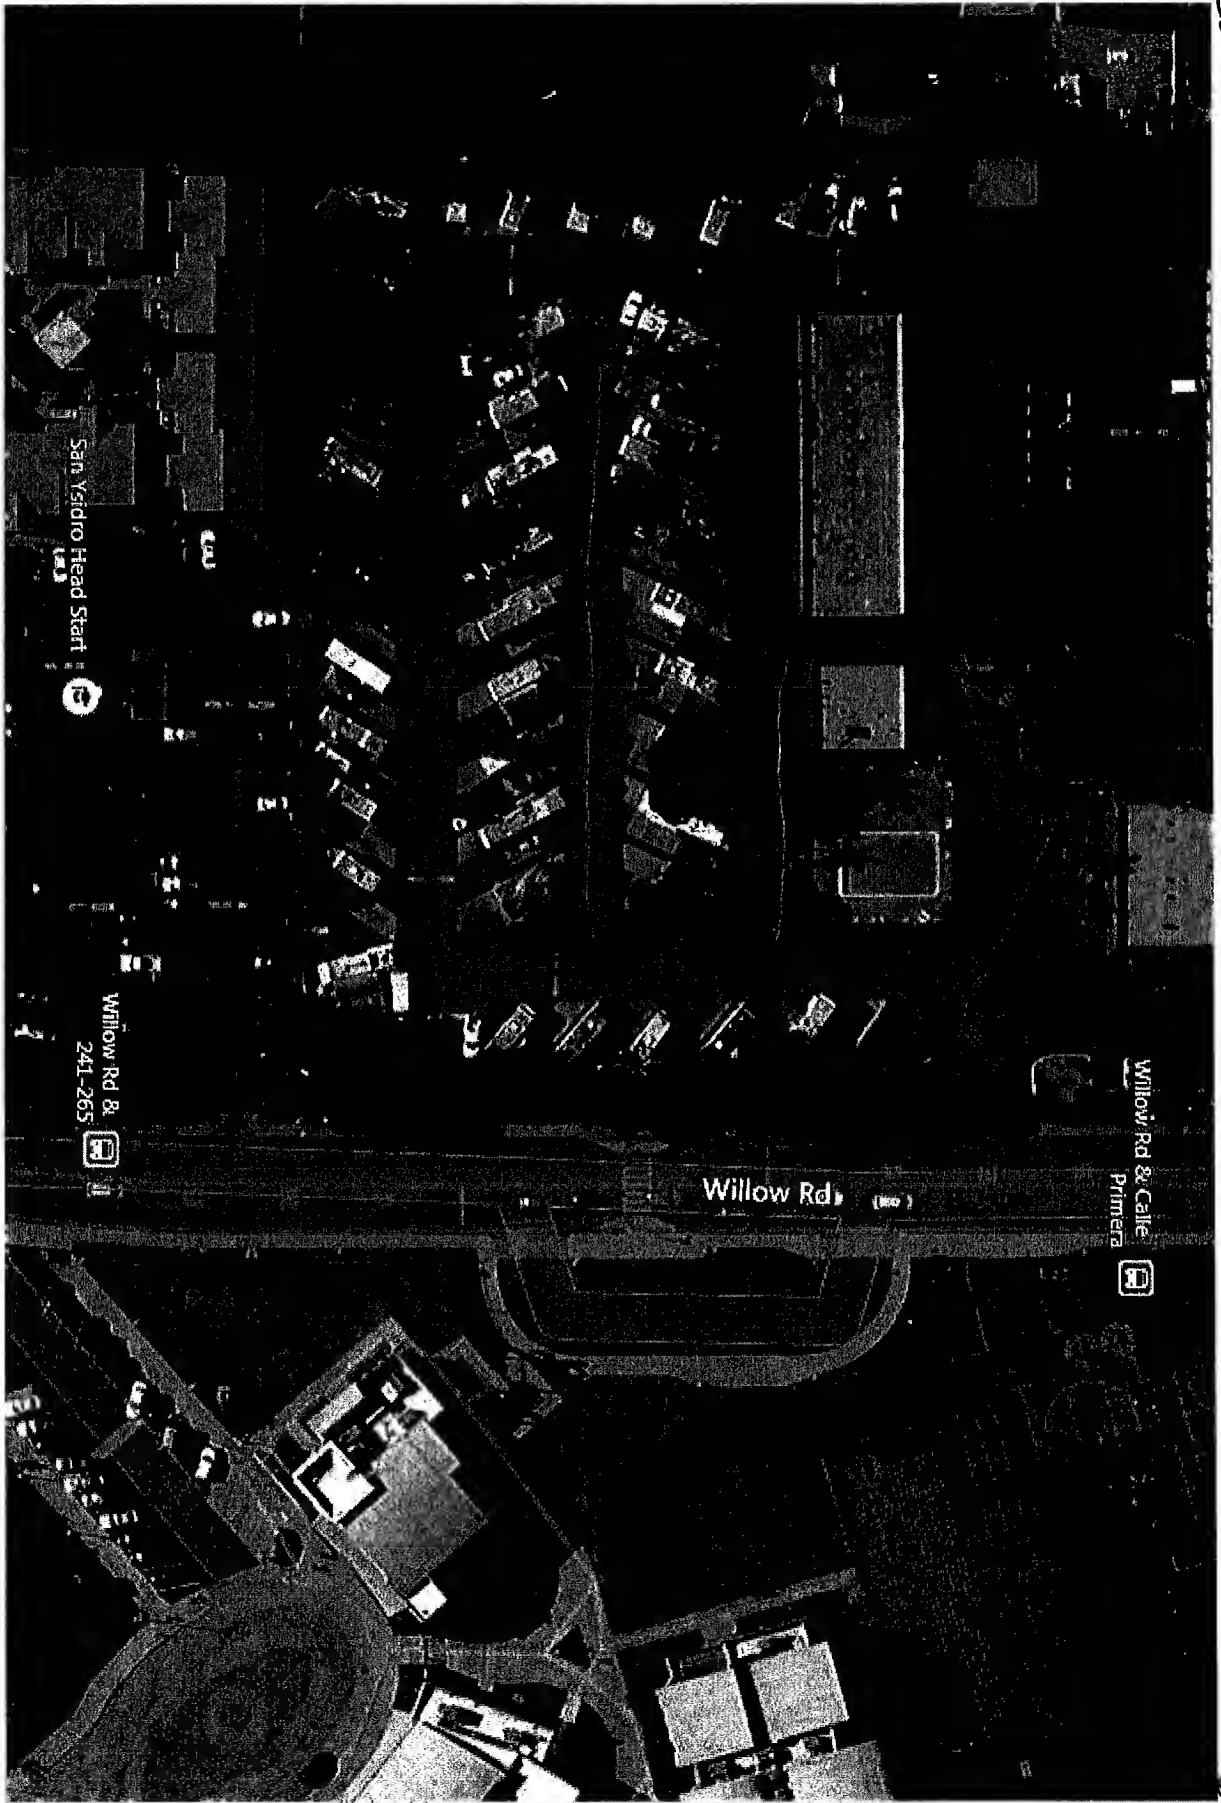

We arrived on scene with Officer Poorsaleh #7070, Officer Verduzco #7409 and ABLE air support officer's. Based on the nature of the radio call I put on my department issued plate carrier and armed myself with my department approved rifle. I attempted to move my body worn camera from my uniform to my plate carrier. At about 1345 hours, prior to moving my body worn camera, ABLE updated over the radio that the male had armed himself with the AK-47 style rifle again.

Officer Poorsaleh and I immediately moved west through the parking lot adjacent to the Travelodge and trailer park entrance. Based on the urgent circumstances and my plate carrier covering my body worn camera, I did not activate it. Officer Martinez and Officer Verduzco moved south through the parking lot at the entrance towards the trailer park. Moments later I heard a loud noise that sounded like a gunshot to the southwest of our direction. Officer Poorsaleh advised over the air that shots were fired by the subject and not officer's (See Officer Poorsaleh's ARJIS-9 for more details). Officer Poorsaleh and I took cover briefly before regrouping and moving south again through the parking lot towards the sound of the gunshot. As we moved south I heard two more loud noises that sounded like gunshots. I heard Officer Martinez update communications over the air that shots were fired. Officer Poorsaleh and I started running south through the parking lot of the trailer park towards Officer Martinez' location. When we arrived I observed the suspect was down on the ground and a black AK-47 style rifle was also on the ground about ten feet away from him. At the time, it was unknown which trailer the suspect came out of and if there was more than one suspect involved. I stood by with the AK-47 style rifle and covered officers as they began CPR on the suspect.

I later checked the area for casings but did not locate any.

### OFFICER'S STATEMENT:

On April 3, 2019, at approximately 1334 hours, I responded to the area of 200 Willow Road to a trailer park addressed at 190 W. Calle Primera in the City and County of San Diego. I was in full police uniform while driving a marked patrol SUV as I responded to a radio call of a male wearing a red shirt carrying an AK-47 style rifle and shooting it in the area.

As I responded with other officers, we coordinated a response with the use of our rifles. I donned my secondary chest plate carrier which is black, with a front and rear plate, with a black and white "POLICE" patch on both front and back panels as well. I also deployed my department issues AR-15 rifle. I coordinated with Officer Muniz #7483 to establish a react team. We were attempting to locate the suspect of which SDPD ABLE (Air Born Law Enforcement) had intermittent view. Officer Martinez #7591 and Officer Adams #5384 established the secondary react team.

I had Officer Muniz come with me to the north side of the Travel Lodge pool just adjacent to the aforementioned trailer park and moved west in the parking lot. Officers Martinez and Adams teamed up and stayed to the south of the pool through the first entrance into the trailer park.

I immediately heard one gunshot from a high powered weapon not fired by an officer. Officer Muniz and I ran to take cover by a nearby shed. I looked over at Officers Adams and Martinez who did not appear injured. As Officer Muniz and I were set and I was determining the next point of cover to move to, I saw Officers Adams and Officer Martinez set by a trailer on the east side of the trailer park.

I then saw them move to the west from their position. Within seconds, I heard four more high powered shots, and at that time I also was unaware if they were from the suspect or officers. I ran with Officer Muniz to the area where I last saw Officer Adams and Officer Muniz. I rounded the trailer in the second row of the trailer park where I last saw the officers. The suspect was shot. I still did not yet know which officer shot the male or if the suspect shot himself.

I ran up and kept my rifle pointed at the suspect's head and torso. He matched the description shared to dispatch as he was wearing a red shirt and shorts and had the AK-47 style rifle at his side. I immediately saw blood from his head as I got closer and Officer Adams and Officer Martinez lowered their rifles to secure the suspect.

I maintained an interior perimeter just west of the officers to cover them as I did not know where he came from or if he was working with others.

I looked back and called out the officers names to ensure they were safe. I advised dispatch all officers were "code-4".

At some point thereafter, it was determined the suspect had ties to space [REDACTED] K-9 officers and patrol officers set up on space [REDACTED] to prepare for callouts and check the residence. I assisted the two patrol officers with my rifle and maintained position of first contact with Officer M. Hernandez #7581 and Officer Max Verduzco #7409.

Once the residence was secured I returned to the initial scene where the suspect was lying. I maintained a position there with the unloaded suspect rifle.

**ORIGIN:**

On 04-03-19 at about 1334 hours, I responded to a report of a subject shooting a rifle at 190 E. Calle Primera, San Diego.

**INVESTIGATION:**

**BACKGROUND:**

None.

I arrived at 226 Willow Road in an unmarked city vehicle as ABLE was updating the location of the suspect who was reported to be armed with a rifle. I ran to the Willow Elementary School to ensure that it was locked-down due to its close vicinity to the suspect's location. It was undetermined at this time whether multiple suspects were involved in an active shooter incident.

As I went to the school office I heard a single gunshot, which was followed by a series of multiple gunshots, and then another single gunshot. The sounds of the gunshots came from the west of my location, which is in the vicinity of the mobile home park at 190 E. Calle Primera.

I continued to the school and found no one inside to speak with regarding the lockdown. The doors were unlocked but the lights were off and there were no people inside.

I responded to the mobile home park that was by the Travel Lodge Motel at 190 E. Calle Primera. I began my witness checks.

I audio recorded the statements from the following witness and victim:

### ORIGIN:

On 04-03-2019 at approximately 1334 hours I responded to a report of a male firing a rifle at 190 W. Calle Primera in San Diego.

### OFFICER'S STATEMENT:

SDPD Communications was receiving numerous calls from citizens within the trailer park regarding a male who was armed with a rifle (described as an "AK-47") and was firing shots.

We were provided with the following description of the suspect:

A Hispanic male in his 30's wearing blue pajama bottoms and a red shirt.

Citizens were reporting the male was carrying the rifle around the trailer park, firing shots and at times hiding behind cars.

Prior to my arrival SDPD Helicopter ABLE arrived and was able to locate the suspect. ABLE advised at that time the male was not armed, but appeared to be drinking a soda. ABLE observed the male return to a white trailer on the west side of the park and retrieve the rifle again. The male then began running in the park. At approximately the same time a Southern Division Officer near the trailer park reported hearing shots being fired in the park, as well as another update from within the park from a citizen hearing shots.

At approximately 1348 hours Officers contacted the suspect inside the park and an Officer Involved Shooting occurred.

I arrived at approximately 1349 hours with K9 Officers C. Estrada #6871, C. Luth #6048, J. Morales #6699 and B. Edwards #6191.

ABLE directed us to the white trailer on the west side of the park (Space [REDACTED] where the suspect retrieved the rifle. We brought a police vehicle up to provide cover. An Officer checked with the park manager and we were advised the space was registered to a female [REDACTED]. I confirmed again with ABLE and a resident at a neighboring space [REDACTED] that this was the trailer the suspect came from with the rifle. Both confirmed that was the case.

# Suspect Killed in Officer-Involved Shooting Near San Ysidro Mobile Home Park

NBC 7's Dave Summers spoke with park residents who don't feel safe after Wednesday's officer-involved shooting. (Published Wednesday, April 3, 2019)

A man was shot and killed by San Diego police Wednesday in a trailer park in San Ysidro Wednesday afternoon.

Officers were called to the park off Willow Road near Calle Primavera at around 1:30 p.m. after witnesses reported seeing a man with a rifle running through the complex.

SDPD Acting Captain Anthony Dupree said witnesses reported the man fired two shots inside the complex before police arrived. Another witness reported the man pointed his rifle at them.

Officers arrived at the scene about five minutes after receiving the call. As they tried to make contact with the man, he pointed his rifle at officers and an officer fired several rounds at the man, Dupree said.

**Suspect Killed in Officer-Involved Shooting In San Ysidro**

A man with a rifle was killed in an officer-involved shooting in San Ysidro, according to the San Diego Police Department. NBC 7's Joe Little has more.

(Published Wednesday, April 3, 2019)

The suspect fell to the ground and officers immediately began administering CPR until medics arrived and took over. The suspect, identified only as a man in his 50s, was pronounced dead at the scene shortly after. No officers were injured.

Dupree said witnesses described the suspect's rifle as an AK-47, but said investigators have yet to confirm the weapon model or if it was equipped with a high-capacity magazine. The rifle was loaded when officers recovered it, SDPD said.

It was at first unclear if the suspect was a resident of the park or if he had any family who lived there, but SDPD later said investigators believe he was in fact a resident there.

Dozens of SDPD vehicles were seen lining an area surrounding the park and the entrance of a Travelodge hotel next door.

Dupree said residents of the park were being kept out of the property as officers investigated. Travelodge guests were being escorted in and out of the hotel.

The officer who fired the shots at the suspect will be placed on administrative duty while the shooting is being investigated, per SDPD protocol, Dupree said. His name was not released, but SDPD said he is a 2-and-a-half-year veteran of the department.

Police cordoned a section of the park, and appeared to be focusing their attention on one trailer. They also roped off a parking lot near a swimming pool.

Investigators could also be seen interviewing witnesses, gathering information about what led to the shooting.

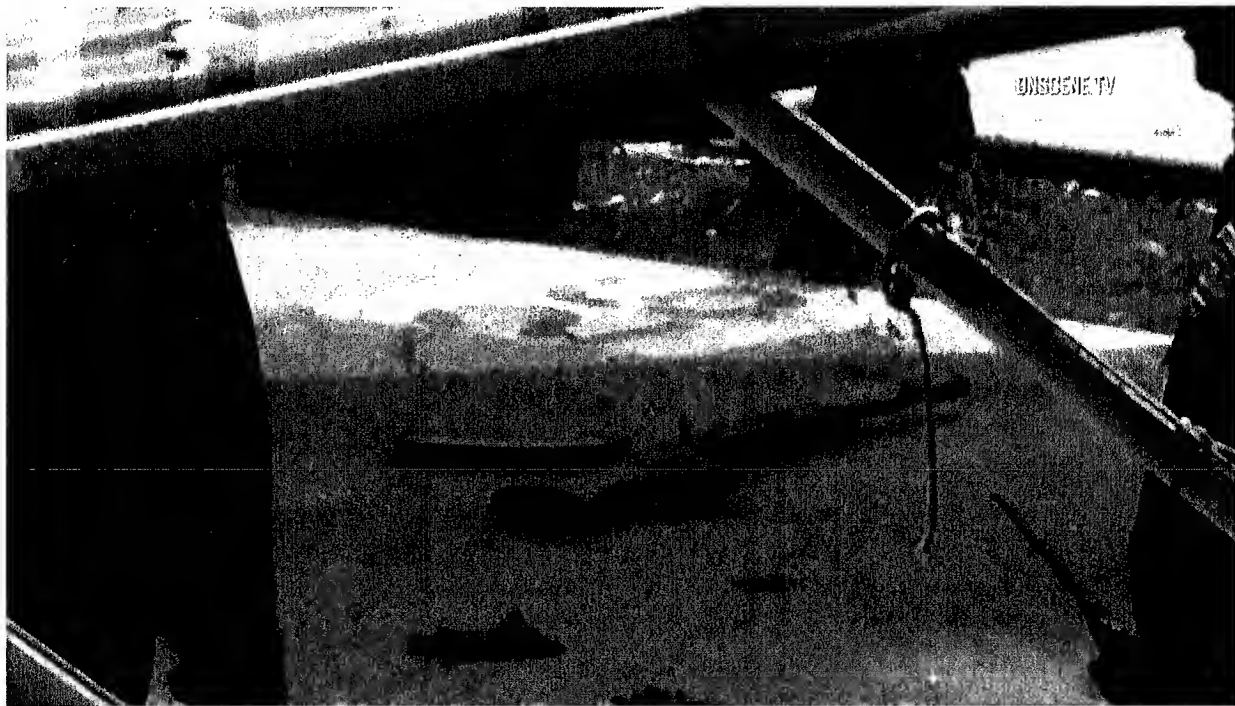

NBC 7 spoke with several park residents shaken by the incident.

Officer : MARTINEZ, Michael  
Suspect: CERVANTES, Alfonso, H/M (50) DOB: 03/17/1969

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1435 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

At approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believes was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

After the briefing, I was directed by Sergeant Maggi to make contact with three witnesses, [REDACTED] near the Travelodge entrance. The witnesses were standing by with Officer Carlos Lacarra #5113. Officer Lacarra informed me there was an additional witness named [REDACTED] who saw the suspect as well. I interviewed

all four witnesses individually, one at a time, inside one of the empty hotel rooms. These interviews were recorded for clarity and copied to CD's. The CD's were impounded at the Headquarters' Property Room.

At approximately 1358 hours, I interviewed [REDACTED] I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED] The following, paraphrased, is his statements and answers to my questions:

STATEMENT OF [REDACTED] (WITNESS):

*I have been [REDACTED] for [REDACTED] for approximately a year. My [REDACTED] and I have been [REDACTED] for approximately 6-7 months on and off. Our job consists of [REDACTED] and more.*

*This morning I came to [REDACTED] at around 0700 hours. I was on the south side of the second floor [REDACTED] in nine rooms. I heard about 2 gun shots, and I didn't think much of it. I thought maybe it was kids playing around. I came outside to see what it was, and I saw a Hispanic male in his 40s, wearing a red t-shirt, 5'5"-5'7", 200 lbs., in his pajamas in the trailer lot area. [REDACTED] was outside too and he looked like he was jogging or running behind the guy in the red shirt. I noticed the guy in the red shirt was holding something in his hand, but I didn't see what it was; the guy was also smiling. They were maybe 15' apart and they were heading west. It didn't look like anything was going on, so I went back into the room and continued [REDACTED] Maybe 15 minutes later I got a call from the [REDACTED] at 1340 hours. The [REDACTED] told me there was a crazy guy with a gun and that the two shots were gun shots. The [REDACTED] speaks English but I don't know his name.*

*I went to find my [REDACTED] and found [REDACTED] in one of the rooms. I told him about the phone call from the [REDACTED] We walked over to the south end of the second floor and looked at a distance to see what was going on. That's when I saw something from the corner of my eye. It was the suspect, the same guy wearing the red t-shirt, and he had something in his hand and he pointed it towards our direction. He said something to [REDACTED] but I don't remember what he said. He must have been 50' away from us on the ground while we were upstairs. I didn't get to see what he was holding because I ran when I saw it. When I started running I heard one gun shot. [REDACTED] was faster than me and ran ahead of me. I got into a room on the southeast corner and got on the floor. I waited there for five minutes and then I heard 4-5 more gun shots.*

*I came outside and saw 2-3 officers carrying rifles. Two officers had rifles and the other one had a pistol. I didn't hear anything so I came out and found my [REDACTED] who was at the [REDACTED] with me, his name is [REDACTED] told me police killed the suspect. I saw the suspect on the ground and police were doing CPR for 5-7 minutes. His rifle was 4-5 feet away from him on his right side. [REDACTED] came over to where I was. My other [REDACTED] was hiding with housekeepers in another room at the northeast corner. [REDACTED] and [REDACTED]*

*After everything happened, I told my [REDACTED] to put everything away and go home. [REDACTED] came upstairs after the shooting happened and told me that the suspect said people came to take him away and that was why he brought his gun. There was nobody though, he was delusional.*

After obtaining [REDACTED] statement, I asked him if he could physically walk me through the building to show me where he was initially when he heard the shots, where he stood when he saw the suspect, and which room he ran to. [REDACTED] agreed and walked me through the scene.

[REDACTED] showed me Room [REDACTED] the room he was [REDACTED] in when he initially heard the two shots. The room was located on the south side of the building. He pointed out where he saw [REDACTED] and the suspect jogging west, which was on the southeast corner by the roadway closest to the south, parallel to the hotel building, about 100'-150' away. He stated when he received the call from the plumber, he walked westbound to [REDACTED] who was in room [REDACTED] pointed towards an opening in the southwest fence line just north of the fence and stated this was the location where he saw the suspect standing. He and [REDACTED] were approximately 60' away when the rifle was pointed at them. [REDACTED] then walked me to Room [REDACTED] the room he ran to after he saw the suspect. He stated he saw officers by the pool heading south into the trailer area and then heard 4-5 gun shots.

On April 11<sup>th</sup> at approximately 1015 hours, I drove to the Travelodge located at 190 East Calle Primera and met with witness [REDACTED]. The Travelodge is a two story motel, located to the north of the trailer park where the officer involved shooting occurred. [REDACTED] when I spoke with him. I began my interview with [REDACTED] inside of a motel room on the ground floor located on the north side of the property.

I recorded the interview with [REDACTED] with my digital recorder. The following is not his verbatim statement, it is paraphrased. For the complete questions and answers, see the attached CD copy of the interview.

Statement of [REDACTED] (Victim/Witness):

[REDACTED] essentially told me the following:

I work for a [REDACTED]

On the day of the shooting, I was [REDACTED] I was [REDACTED] upstairs on the south side of the building. The room I was [REDACTED] on was in the center of the top floor. I was there around 1:00 P.M.

*Regarding the shooting*, the first thing I heard was a "firework sound." In [REDACTED] this happens all the time. I then saw him (Cervantes) running this way. I saw someone was walking close to him. Nothing happened, nobody yelled, so I kept [REDACTED]

Later I was coming down (down stairs) to get some water. I saw the police officer (entering the motel parking lot). I then went back to my [REDACTED] (who was [REDACTED] in another motel room on the top floor). My [REDACTED] was standing outside one of the rooms. I was walking towards my [REDACTED] I then saw Cervantes yell something with a shotgun. He then shot. I thought he hit somebody, not me, but somebody else. I then got down on the ground and went into one of the motel rooms. They [REDACTED] ran to another room. I then heard the other 4 gunshots. I then saw that the police already got Cervantes.

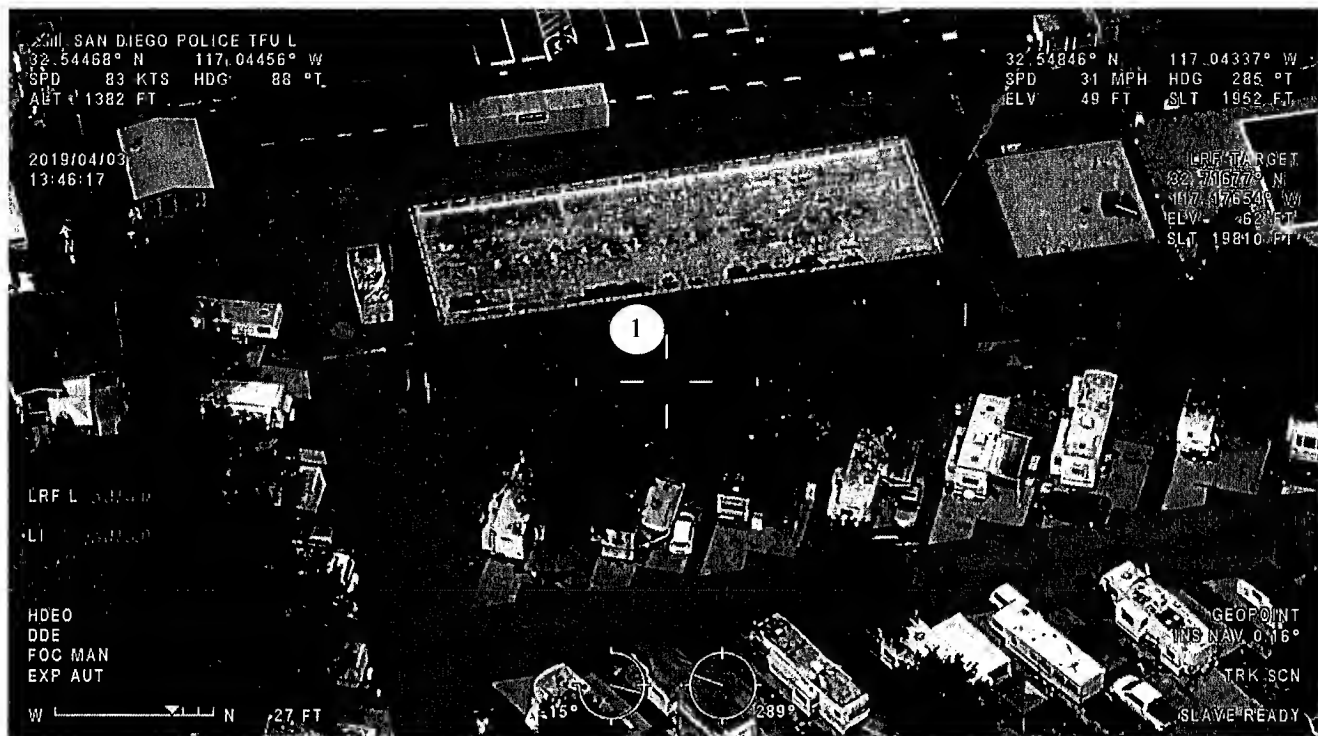

I then asked [REDACTED] if he would walk with me outside to show me where everything happened. We walked out of the room. We walked upstairs to the south side of the motel. We walked west on the east side of the motel towards the west end. We stopped 4 rooms east from the last room on the west end. The room was number [REDACTED] On the below photo, I placed a number 1 with a circle around the general area where the room was that [REDACTED] described to me. The photo is from the ABLE footage, taken seconds after [REDACTED] saw Cervantes fire the rifle towards him.

[REDACTED] then continued to provide his statement.

I was inside this room when I heard the first shot. I exited the room and looked southeast towards the trailer park. I saw Cervantes there. [REDACTED] pointed southeast to the north row of the trailer park and described Cervantes walking west in front of trailer spaces [REDACTED]. I could only see his head from where I was. It was the same guy who got shot, the Hispanic male wearing a red shirt. After I saw him, I didn't see where he went after that. I didn't see anything else, no one was yelling. I went back into the motel room for a little bit. About ten minutes later, I left the room and walked east on the top walkway.

[REDACTED] and I walked east to the north end of the motel. We turned left (north) to the north walkway towards the northeast corner of the top floor. At the corner, [REDACTED] pointed east to the driveway of the motel and told me he saw the police walking up with their guns. [REDACTED] then walked back towards where we came from initially, west towards room [REDACTED]. When we approached room [REDACTED] continued to provide his statement.

I went back to see my [REDACTED]. I was coming this way (walking westbound) when I saw my [REDACTED] at the end of the walkway (on the west end of the south walkway). I was trying to point out to my [REDACTED] that there was a guy in the area with a gun and that the police were here. As I was trying to tell my [REDACTED] I heard the guy (Cervantes) yell from behind us. I was near room [REDACTED] when I saw Cervantes on the corner. Cervantes I think yelled to us, "A la verga." [REDACTED] then made a gun shooting sound with his mouth. [REDACTED] then told me "A la verga" was a bad word.)

I asked [REDACTED] where Cervantes was standing when this happened. We walked downstairs to asphalt between the Travelodge and the trailer park. As we were walking, I asked [REDACTED] what type of gun Cervantes had. [REDACTED] told me it was a rifle. [REDACTED] told me Cervantes was walking eastbound just past the fence line that separates the trailer park and motel when the encounter occurred.

When Cervantes was right here, he pointed the gun towards me. [REDACTED] and [REDACTED] Cervantes yelled at us, then fired his gun. His gun was facing towards us when he shot the gun. The three of us were standing next to each other. After he shot at us, I went down to the ground and my [REDACTED] ran into one of the other rooms. [REDACTED] ran away too, eastbound. I think [REDACTED] told the police where Cervantes was. Cervantes then walked away. About five minutes later, I heard four gunshots. I stood up about two minutes later. I looked outside and saw Cervantes on the ground. His gun was next to him.

Cervantes then pointed to ground where he saw Cervantes shoot his rifle at him. The location was approximately one foot east of the trailer park fence line, and 10 feet north of the fence, towards the Travelodge.

After reviewing [REDACTED] statement with him, I concluded my interview with him at 10:39 hours.

Detective Condon and I checked the south side of the motel for bullet strikes. We were unable to locate any strike marks or damaged doors or windows.

I returned to the homicide office and reviewed the ABLE footage. On the footage, I saw the time frame Cervantes described to me. On the footage, I saw Cervantes walk north on the west side of the trailer park, Cervantes then walked east onto the asphalt located to the south of the Travelodge. Cervantes had his rifle in his right hand.

After Cervantes made the right turn, onto the south side of the Travelodge, a few feet east of the fence line, I saw Cervantes put his left hand up in the air two times in a waving motion for someone to come to him.

Cervantes then continued to walk east. As ABLE was circling around Cervantes, they lost visual of him. ABLE didn't obtain visual of Cervantes again until after the officer involved shooting, which was approximately one minute after ABLE lost visual of him.

As I watched the footage, I was unable to determine which direction Cervantes was pointing his rifle when he fired it on the south side of the Travelodge.

On April 12<sup>th</sup> at 1040 hours, I met with Crime Analyst Jordan Fankhauser. I provided him with the ABLE footage and Officer Parrilla's #7034 body worn camera footage. Officer Parrilla was the first officer to broadcast over the air after Cervantes fired his rifle near [REDACTED]. On Officer Parrilla's BWC, you can hear when Cervantes fired his rifle. You can't hear the shooting on the ABLE footage.

On April 16<sup>th</sup> at approximately 1525 hours, I again met with Crime Analyst Fankhauser. He informed me of his findings and later emailed his report. See his report for details.

I spoke with [REDACTED] inside her vehicle that was parked in front of the Travelodge. I introduced myself and asked if she would be willing to speak with me. I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an “in essence” report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is her statement and answers to my questions:

STATEMENT OF [REDACTED]

I headed out to my car right in front of space [REDACTED]. When I walked outside to start the car, I saw this guy standing in space [REDACTED]. He was looking paranoid and had a gun. It was like an AK47, it was long and black with an extended...(magazine). It was a big gun. I was nervous because he held it up. When he was looking around he looked like he was ready to shoot. He was pointing it straight at cars (She demonstrated by raising both of her hand in front of her and simulated a fighting stance). He looked at me and pointed the gun at me. I froze, this was something serious. I walked slowly and hid myself between the trailers and ran into the house. He was talking, but I couldn't understand him.

I ran into the trailer and told my [REDACTED] that there was a guy out there that was very suspicious and was walking around space [REDACTED]. He was hiding behind the cars.

When I was inside the trailer, I heard 2 gun shots. I called my [REDACTED] and told him there was a guy with a gun and he looked suspicious or was on drugs. He was talking to himself, blinking his eyes, licking his lips, and running in a paranoid motion. He did not look stable to be holding a gun. He told me to call the police.

While I called the police I heard two more shots. They asked me a lot of questions and asked me where he was. I peeked out and saw him at space [REDACTED] and space [REDACTED].

The first shot sounded like he was around space [REDACTED]. The second shot was around space [REDACTED].

I described him as wearing a red t-shirt with navy blue pajamas. He was Mexican, about 40 years old, 5'7"-5'8", kind of heavy.

After I heard the 4<sup>th</sup> shot, he ran back to space [REDACTED] and hid behind the Chrysler. I was on the phone with police and they told me I should be hearing the police coming. They told me not to go outside. At that point I heard the cops. More shots were going off. I looked outside the window and saw the cops doing their job. I saw the guy I saw earlier on the ground.

I have never seen him before but my [REDACTED] said he was the [REDACTED].

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1435 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believed was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

After the briefing I was instructed by SGT. MAGGI to obtain witness statements. During the investigation I learned that [REDACTED] had witnessed the incident while inside her trailer. I attempted to locate [REDACTED] but was unsuccessful. I spoke to her [REDACTED] who verified she lived in the trailer with her [REDACTED]

On 04/11/2019, I returned to [REDACTED] and attempted to contact [REDACTED] but was unsuccessful. I contacted her [REDACTED] who stated she was at school. I obtained her contact information and requested [REDACTED] inform [REDACTED] that I would be contacting her in the near future.

Later that day, I received a phone call from [REDACTED] stating he was with his [REDACTED] and that [REDACTED] had told him I wanted to speak with her. I informed him I wanted to speak with [REDACTED] to obtain her statement. He agreed and gave the phone to [REDACTED]

I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is her statement and answers to my questions:

**STATEMENT OF [REDACTED]**

I was in the room the whole time it was happening. Before anything happened, I was on the couch with my sister [REDACTED]. I could hear some shooting, like two gun shots. My sister [REDACTED] got scared and freaked out and told me to go in the bedroom.

I was in the room the whole time with the [REDACTED]. All I could hear was gun shots. I could hear people closing doors, but I couldn't see anything because I was inside.

I heard four (additional) gun shots. It was 15 minutes after the first two. After that I heard some other gun shots. I don't remember how many.

When everything ended some police and detectives came. They were around the neighborhood.

At the conclusion of the interview I spoke to her [REDACTED] briefly and ensured their questions had been answered. After speaking with her [REDACTED] I terminated the phone call.

STATEMENT OF [REDACTED]

I moved out two years ago from my [REDACTED] trailer. I see them every week, almost every day. I see them both because I come in the morning and around ten or eleven my [REDACTED] goes to work.

I saw my [REDACTED] on Saturday. I saw them in [REDACTED]

I called my [REDACTED] at eight this morning to ask if she could take me to the [REDACTED]. My [REDACTED] came to pick me up at one and took me to the [REDACTED]. She received a call and I stayed at the [REDACTED].

She received a call from their [REDACTED] who said my [REDACTED] was outside with a gun. My [REDACTED] was in the parking lot with my [REDACTED]. She called me and said she had to go.

(When your [REDACTED] picked you up in [REDACTED] did she say how your [REDACTED] was acting?) She only told me that he was not right in his senses. She said he was hearing voices.

(Have you ever seen you [REDACTED] act like that?) Yes, because he used drugs in the past. The day of the [REDACTED] he was drinking. My [REDACTED] told me they went back here, but my [REDACTED] went back to [REDACTED]. He stayed until four am this morning. He would do this once or twice a year. It was not every day.

(Do you think he was using drugs?) Ya, but not very often. When he went to [REDACTED] drinking he would use. He doesn't go to [REDACTED] every time.

(Did your [REDACTED] have any mental health issues?) No, only when he uses drugs.

STATEMENT OF [REDACTED]

I have lived with them for three years [REDACTED] I spend my days off with my [REDACTED] I stay here Monday through Thursday. [REDACTED] is my brother. I have known [REDACTED] since I was little.

I got to the trailer last night around 8:30 PM, because I worked until 8:00 PM. [REDACTED] was there. [REDACTED] was in [REDACTED] and had been there since Saturday. I went to sleep around 11:30 PM because I was so tired. I woke up when he started knocking on the door. It was around 3:15 am. I heard him pounding and I opened the door. He said he saw people. I couldn't sleep after he got home.

When he was inside he got the keys and went outside and got a beer. He was in a panic because he thought someone was following him. He turned off the lights. His face was not the same face. He was on drugs I think. He was in a panic. I told him that there was no one there. He said, "You don't know."

He said he was talking to someone, but no one was there. It was silent outside and everyone was sleeping. He was saying, "Why are you following me? Leave me alone, I want to sleep." I told him to go to bed and close his eye and go to sleep.

He did this until I left the trailer around 9:45 AM to go to work. He kept doing the same thing. [REDACTED] made him some coffee and gave it to him and he said, "No, you don't understand. They want to shoot us."

He acted like someone was following him and talking to him for the entire time.

My [REDACTED] called me and told me that they shot him.

He was always acting like that when he used drugs. The last time he used drugs was two years ago. Before he drank tequila and beer. Before, he would use every five months and then he would stop.

He started using drugs after his [REDACTED] was born. He never told me what kind of drugs he used. He always acted like someone was following him when he used drugs.

(Who lives in the trailer besides you?) [REDACTED]

(Have you seen any firearms in the trailer?) No

(Have you ever seen him with a firearm?) No, that's why I was so surprised. I have seen him with Tequila, but never with drugs. When he used drugs he went to [REDACTED]

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Lt. Matt Dobbs directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I notified other members of Homicide Team V and arrived on scene at approximately 1440 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony Breise #6633. During the briefing I learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso Cervantes, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer Martinez #7591 and Officer Adams #5384 arrived on scene and located Cervantes on the opposite side of a fence in an alleyway to their west. Cervantes did not comply and was ultimately shot. Officers rendered first aid, but Cervantes was pronounced deceased at the scene.

Following the briefing, Detective Matt Condon and I walked to the Travelodge Hotel office to speak with [REDACTED] of Alfonso Cervantes' [REDACTED] Cervantes' [REDACTED] is a Spanish speaker, so I enlisted the help of Detective J. Mercado #5853 (Southern Division) for translation. I recorded the conversation for clarity and a copy can be reviewed for complete details. The interview began at about 1552 hours. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, are her statements and answers to my questions:

Statement of [REDACTED]

I live in space [REDACTED] We moved into that space in February. We change spaces every three to four months, it is the rules here. I live in the trailer with my [REDACTED] Adolfo Cervantes Juarez and my [REDACTED]

We have [REDACTED]

and [REDACTED]

[REDACTED] His phone number is [REDACTED] He does not know yet, but the family would like to notify him.

[REDACTED] and I were both asleep. Alfonso came in around 0300 hours. He knocked hard and we got up. He looked desperate, like people were following him. We told him to calm down, take a shower, and lay down.

He told me he fell down an embankment. He had scrapped knees and swollen arms. He told me to lock up the trailer because "they" were following him. He looked out the windows desperately, like he was looking for someone. He thought someone was following him. He told us to close the window and be quiet. I looked out the windows, but I didn't see anyone. I told him there was no one out there. He would point out people in the nearby apartments and say they were there, and they were under the trailer.

I told him to calm down and I cooked him breakfast, but he didn't want to eat. He was still very paranoid. He kept telling me to lock everything up. He opened the window and yelled at someone to leave him alone. I didn't see anyone there. He didn't say a name, but he would say things (in Spanish) like "Lady leave me alone! I didn't do anything. Let me rest. I am tired. Let me be for three hours and we will talk after. I am tired."

I left to get him some tacos around 1000. When I left he was awake and paranoid. I called it in and was gone for about 20 minutes. I went to [REDACTED] to pick up the food. When I came back with the food I told him, "Come on I got tacos, come and eat."

I went to the restroom and he was sitting down at the time. When I went in the restroom, he went and was talking to this imaginary lady. He said, "I already told you, leave me alone." There was nobody there. He put out his

*fist in a fist bump motion to make peace with this (imaginary) person. Then I would hear, "That is not cool that we are not making peace" because she was not receiving the fist bump in return. He would say, "I don't have any money. If I had money I would not be here in this trailer. What do you want?"*

*Around this time I received a call from my [REDACTED] asking me to take her to the [REDACTED] I told Alfonso to eat and I told him I was taking [REDACTED] to the [REDACTED] I put him back in the trailer and left him sitting down at the table. I closed the door and left around 1220. When I returned, the police were already here.*

***Has this kind of thing ever happened before with him? No***

***Has he ever heard voices before? Yes, he has claimed that he could see extraterrestrials.***

***What is the reason for this? Because he would go to [REDACTED] and use drugs.***

***What is his drug of choice? I don't know. I don't ever see drugs or paraphernalia in the house.***

***Did he go to [REDACTED] last night? We went to a [REDACTED] on Friday and came home around 0100 am. When we came back, he told me to go to sleep and said he was going to watch TV for a couple hours. I woke up and saw the lights and TV were still on, but he was gone. He did not come back until around 0330 this morning. He had returned back to [REDACTED]***

***When you saw him this morning, did it look like he had been using drugs to you? It looked like he was coming down. The only thing he asked was for a beer or water. I gave him water and some juice.***

***He didn't mention anything about using drugs? A long time before he had used drugs. He has been using drugs for about two years.***

***Was there any mental illness that you are aware of? Has he been diagnosed with anything? No***

*Were you aware of any guns in the house? And I am not asking to get you in trouble. No.*

*Do you know where he would have gotten this gun? I have no idea.*

*Have you ever seen him with a gun? No*

*How long has the paranoia been going on? When he goes to sleep, he talks a lot about dreams he has had. He talks about how he would like to meet an alien. He read a lot about aliens and believes they exist.*

Following the interview, [REDACTED] provided written consent for officers to search her trailer and vehicles. I gave [REDACTED] a business card and asked her to call if there was anything we could do for her. The interview concluded at 1638 hours.

I showed up and he was acting paranoid as if someone was looking for him. He was looking around the windows and said, "Look someone is outside." He was looking out the windows. I said, [REDACTED] no one is outside." I had just been outside and there was no one there.

He kept saying someone wanted to kill him and that someone had told him that he said something. We know he didn't say anything, but it was his own idea.

I was with my [REDACTED] for about half an hour. I left around 9:00 AM. I got here around 8:30 AM. I came and I tried to calm him down. I told him to drink coffee. He just kept talking to himself.

(Have you ever seen him act like that before?) I have to be honest, but it was years back. He was sober for years, I would say for seven, eight, or nine years.

(How many times have you seen him like that?) Once or twice

(Did you know if he had a drug or alcohol problem?) He used to drink every now and then when he got home from work. He would take a shot of whiskey and a beer with dinner.

(What about drugs?) Drugs, I think way back I think it was crystal meth. My [REDACTED] won't say anything, but I think it was crystal meth.

(Where would he use?) Down in Tijuana, supposedly with one of his buddies.

I think that is what he was on. He would go to T.J once or twice and stay there for days. I saw his car. I used to stay with my [REDACTED] They would see his car parked over there. I used to go in there and take him out. He would just sit there and stare.

I saw my [REDACTED] during the week, either Monday or Tuesday. He was acting normal and was not drinking or anything.

(What about mental illness?) No, he used to joke a lot and talk about Government. Was he mentally ill or going crazy, no. He would talk about his dreams. He would always dream about something.

Case #19-011041

Page 2

I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is her statement and answers to my questions:

STATEMENT OF [REDACTED]

I have been in my trailer all day. We don't go outside. I didn't go to school because we are on vacation. I was in my bed when I heard the gun shot. I was listening to my phone and watching videos. I was standing up when I heard the gun shot. I heard two or three gun shots. They were all together.

(Did you hear yelling?) No

(Did you hear sirens?) No

(Did police come inside the trailer?) Yes, when my [REDACTED] called 911. It was like an hour later. My [REDACTED] told us to close the curtains.

We heard the gun shots and then an hour later the [REDACTED] told us a guy was walking around and to close our curtains. After that, my [REDACTED] called the [REDACTED] and he told her to call 911. When she was calling 911 we heard gun shots and got on the floor.

I think I heard two gun shots the second time. We just went to the floor. We stayed silent and heard like five shots and then that's when the police came. The police came inside and said everything was okay and looked around. When the police came they said a bullet went through the trailer.

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1445 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believes was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

After the briefing I obtained a witness statement from [REDACTED] During my interview with [REDACTED] he stated he overheard [REDACTED] telling the news she saw everything that happened. [REDACTED] informed me [REDACTED] resided in space [REDACTED]

[REDACTED] stated he was home at the time of the incident, but he had head phones on at the time while he was playing video games. [REDACTED] did not see or hear anything that happened. [REDACTED] agreed to walk with me to locate his [REDACTED].

[REDACTED] was standing in the parking lot on the north side of the hotel with [REDACTED]. I introduced myself to [REDACTED] and asked if I could speak with her and [REDACTED] informed me she was not home at the time of the incident. [REDACTED] and [REDACTED] agreed I could speak with [REDACTED]. I told [REDACTED] I heard from someone that she told the news she had seen what had happened.

STATEMENT OF [REDACTED]

I was at home today when I heard some loud noises. When I looked outside I saw paramedics working on someone. I did not see anything else that happened. The news did talk to me and I told them what I am telling you. I only heard noises outside and when I looked out the window I saw people giving aid to someone who was on the ground. The guy was on the ground down the street from my residence. I do not know who the guy was. I do not know anything else about what happened.

I introduced myself and asked if I could speak with them. [REDACTED] informed me [REDACTED] was [REDACTED] and she only spoke Spanish. [REDACTED] spoke to me in English and her mother in Spanish. They both agreed to speak with me and I took their statements.

On 04/03/19, at 1906 hours I spoke to [REDACTED] and [REDACTED] in front of their residence, located at [REDACTED]. [REDACTED] I recorded my conversation with [REDACTED] (The following is a summary of their statement; it is not a word for word account and is not intended to take the place of listening to the recording in its entirety)

STATEMENT OF [REDACTED]

We were both home today and we were standing outside when he heard two bullets being shot. The first time we heard the noise we thought it was kids playing with poppers. Poppers are the things that kids throw against the ground and they make a loud noise.

The second time we heard the noise we ran inside the residence. The second time we thought it was bullets, because there were several loud noises close together. We ran inside the residence and did not see anyone outside. We did not go back outside until after officers were here. We are not sure what time it was when we heard the first and second noises.

My [REDACTED] says she has never seen the hole on the west side of the residence before today. She walks around the house often, but she has never noticed the damage before today.

This concluded my interview with [REDACTED] and [REDACTED]. For further details, see the audio recording.

I pointed out the damage to Detective TAFOYA. Detective TAFOYA and CSS MARTINEZ looked at the damage to the residence and determined it was not related to the scene.

OFFICE OF  
**THE DISTRICT ATTORNEY**  
COUNTY OF SAN DIEGO  
SUMMER STEPHAN  
DISTRICT ATTORNEY

DAVID P. GREENBERG  
ASSISTANT DISTRICT ATTORNEY

April 9, 2019

Officer Michael Martinez  
San Diego Police Department  
Southern Division, Mail Station 742  
1120 27<sup>th</sup> Street  
San Diego, CA 92154

Dear Officer Martinez,

The District Attorney's Office has been notified you were involved in an officer involved shooting (OIS). The District Attorney recognizes the uncertainty an OIS event can generate for those involved. The purpose of this letter is to briefly describe the nature of the review by the District Attorney's Office, explain the procedure and timelines involved, and provide you with a point of contact if you have any questions about the process or status of the review.

**BACKGROUND:**

The District Attorney's Office has conducted reviews of all officer involved shootings in the line of duty by San Diego County Peace Officers since the mid-1970's. In 2017, a revised Protocol for Investigation and Review of Officer Involved Shootings and In Custody Deaths (ICD) was signed by the District Attorney, the Sheriff, the Chiefs of all the local law enforcement agencies in San Diego County, and other law enforcement leaders. That document outlines the various roles and responsibilities of law enforcement when an OIS occurs. The document includes the policy regarding the release of law enforcement video evidence relating to the OIS or ICD. Release of video evidence is subject to disclosure by the amendment to Penal Code section 832.7, which went into effect on January 1, 2019. The protocol has been amended again to be consistent with Penal Code section 832.7

**PURPOSE OF REVIEW:**

The purpose of the District Attorney's review is to provide an independent analysis and determine if the shooting was legally justified. This review helps provide assurance to the public that Peace Officers in San Diego County are performing their duties lawfully. This review does not examine such issues as compliance with the policies and procedures of any law enforcement agency, ways to improve training, or any issues related to civil liability.

**PROCEDURE:**

Investigation: The agency with jurisdiction over the location of the OIS conducts the primary investigation of the incident. Concurrent investigation by the employing agency may also occur. In this instance, the jurisdictional agency is the San Diego Police Department (SDPD). The jurisdictional agency (SDPD Homicide Unit) will submit their investigation documentation to the District Attorney's

office for review. As with any significant investigation, this process and the accompanying forensic and laboratory reports can take many months to complete, compile and submit. The amount of time an agency takes to complete and deliver its investigation can vary greatly depending on the workload of the unit doing the investigation and the availability of forensic/laboratory resources.

#### **DA REVIEW:**

Upon receipt of the completed investigation by the jurisdictional agency, the District Attorney's Special Operations Division begins its review. Both an investigator and a Deputy District Attorney review each case. Special Operations investigators are experienced law enforcement officers and knowledgeable regarding the use of deadly force. Periodically, the District Attorney's Office may request, or complete itself, supplemental investigative work. Upon completion of the District Attorney's review, a letter summarizing the facts and statements of the law enforcement officer(s) involved and other witnesses are written and delivered to the Chief of Police or Sheriff, assuming that it is determined the shooting was lawful.

Upon a media request, a copy of this letter may be obtained from the law enforcement agency that received the letter or the District Attorney's Office. The amendments to Penal Code section 832.7 which became effective January 1, 2019, do allow for the complete investigation to be released at a time after any criminal investigation, review, criminal case and administrative review have been completed. A link to the date of the incident, the name of the person shot, the agency involved, and the date of our review letter, but not the letter itself, is publicly accessible on the District Attorney website.

#### **LAW ENFORCEMENT VIDEO EVIDENCE:**

In 2018, the Chiefs of Police, Sheriff and the District Attorney's Office amended a policy for release of video evidence in OIS and In Custody Death (ICD) incidents. This policy allows for release of limited law enforcement video evidence and the OIS or ICD letter to the media if the officer was found to have acted in a legally justifiable manner. The video evidence could include body worn camera recordings, law enforcement helicopter recordings, dashboard camera footage, private citizen cell phone video, and security camera video footage. The goal in releasing the footage is to explain the circumstances at the time deadly force was used and to be transparent about the analysis of the shooting. Faces of some individuals in the video may be blurred to protect their privacy and for safety reasons.

In instances where an individual is shot but survives and is charged with a crime, or if a law enforcement officer is charged criminally relating to the use of deadly force, the release procedure is different. The District Attorney's Office will not release video evidence until any criminal case is concluded, whether against the officer or the individual who was shot because it could potentially interfere with that defendant's right to a fair trial. However, there may be instances where video footage is shown as evidence in a criminal proceeding open to the public and such video may be seen publicly if it is broadcast as part of the proceeding or made part of the court record. In these instances, the faces of those involved may or may not be blurred.

**CONTACT INFORMATION:**

By providing you this information, the District Attorney's Office hopes you will be better informed about the OIS review process and timelines. While each situation is different, an OIS often generates questions from the public, law enforcement agencies and the officers involved. If you have questions about the process or the status of the OIS you were involved in, you may contact District Attorney Investigator, Bob Lobato at [REDACTED] or the Division Chief or Assistant Division Chief of the Special Operations Division at [REDACTED]

**SAN DIEGO POLICE DEPARTMENT  
INVESTIGATOR'S REPORT**

**DATE (occurrence):** April 3<sup>rd</sup>, 2019 (Wednesday)  
**TIME (occurrence):** 1333 Hours  
**LOCATION:** 190 East Calle Primera, San Diego, CA  
**SUBJECT:** OIS – SDPD Case #19-011041  
**Event #19040004518**  
Officer : MARTINEZ, Michael  
Suspect: CERVANTES, Alfonso, H/M (50) DOB: 03/17/1969

---

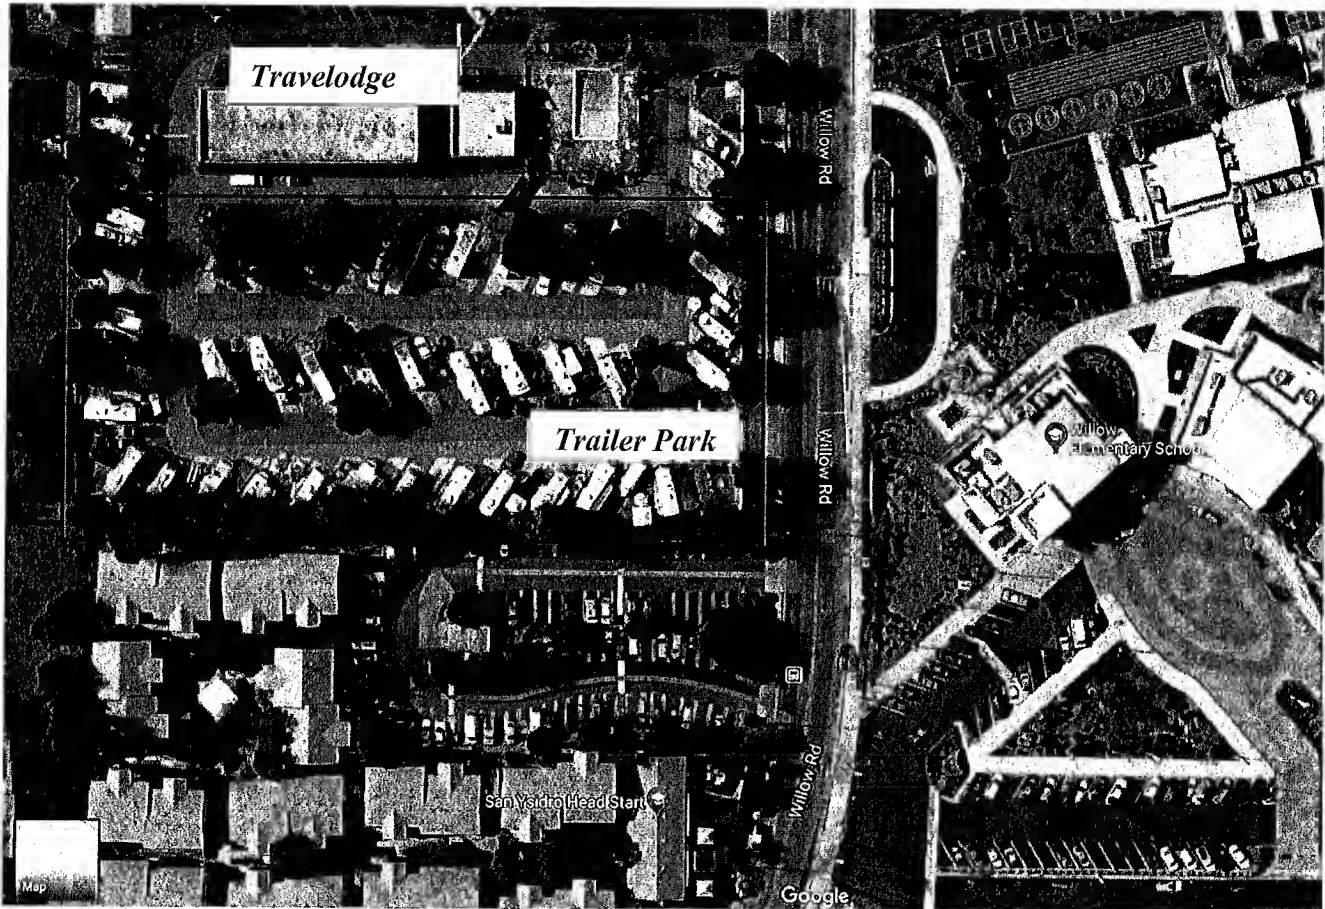

**CRIME SCENE INVESTIGATION:**

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believed was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

**Call Out:**

On April 3<sup>rd</sup> 2019 at 1350 hours, I received a text message from Sergeant Maggi #5595, directing me to respond to an officer involved shooting at 100 West Calle Primera (correct address was 190 East Calle Primera) in the city of San Diego. I arrived on scene at 1508 hours. The scene was located inside a trailer park, located at 190 East Calle Primera. The trailer park shares the address with neighboring Travelodge motel. There were approximately 43 paved trailer stalls inside the lot, most of them occupied by older, poorly maintained trailers.

The trailer park was located across the street (west) from Willow Elementary School. Media personnel were positioned in the driveway as I approached the scene. The scene is located in beat 712.

He saw the suspect go into the [REDACTED] [REDACTED] and come out with an AK-47 type rifle. He heard the suspect say something about a "trato", which I was told means some sort of deal, a deal. He believed it was a fake rifle or BB gun and went back to his house.*

*Paramedic 29 and Engine 29 were on scene.*

*For evidence, at this point what I am aware of is, right around this corner, two trailers up, there are 4 casings I believe from the officer's rifle, that are on the north side of the roadway. About four casings from a .223. Just up the road from that, about 100 yards, is the suspect. He is in the middle of the roadway. I believe his head is to the west and his feet are to the east. And just to his south, or his right hand side, is an AK-47 type rifle with a magazine that has since been detached.*

*Unit number [REDACTED] had two rounds penetrate into the residence. There were residents inside, but nobody was injured. For further evidence, the [REDACTED]*

*The [REDACTED] showed up. They are with Officer Ascencio outside the perimeter. The [REDACTED] she is being detained or is with officers just over there with [REDACTED] I don't know who she is with right now. There are three additional witnesses whose statements I have not been able to get to, as of yet. They are with Officer Livfao. They are also near the Travelodge. What I was told, essentially, is they were claiming the suspect pointed the rifle at them for those three victims. I have first and last name for the three of them. I haven't gotten anything additional from them yet. The first one is [REDACTED] The second one last name is [REDACTED] The last one is [REDACTED] Detectives might also have a few additional witnesses.*

*For the officer's statement, Officer Martinez advised me upon arrival, that he had fired approximately 4 rounds in a western direction towards the suspect. There are no outstanding suspects and no officers were injured. He is currently at the Southern Division Substation with Officer Barnaby Ramirez. He transported him and his rifle to the station.*

*Second witness officer is Officer Adams, Kristen Adams. Adams is back at the station now also. Adams did not fire any rounds, but he was a witness officer.*

Sergeant Breise was asked several questions and stated the following.

Sergeant Breise was not sure who detached the suspect's magazine from the gun he was holding when he was shot. Sergeant Breise stated Officer Martinez was standing next to Cervantes and the weapon. Sergeant Maggi confirmed with Martinez that he did detach the magazine from Cervantes' rifle.

Sergeant Breise stated there were 7 additional witnesses that had not been spoken to yet.

Sergeant Breise stated Cervantes was pronounced deceased by Dr. Dilozenzo at UCSD at 1401 hours (via Paramedic Guerrero #12242) FS number was [REDACTED]

Sergeant Breise stated that there was a possibility that the original spot where some of the shooting occurred was inside the Travelodge, on the other side of the gate. He stated the officers checked for cartridge casings, but were unable to locate any. Sergeant Breise also stated that there were multiple callers who called PD before their arrival and stated several rounds had been fired with an AK-47.

The briefing concluded at 1537 hours.

**Scene Viewing:**

Detective Beard, CSS Martinez, and I conducted a walk-through of the scene. Four .223 cartridge casings were found near space [REDACTED]. The casings were found to the rear (east) of a vehicle parked in front of that space. The vehicle, which was parked facing westbound, was a black, four-door Honda Civic, CA [REDACTED] was located 2 spaces west from the east end of the row. The four casings were later marked with placard numbers 1 through 4. The casings appeared to be from Officer Martinez' AR-15.

Cervantes' was located approximately 177 feet to the west, near the end of the row, in the middle of the road, slightly off to the south, covered with a yellow tarp. His head was faced to the west and his feet were faced to the east. He was face up. To the right (south) of Cervantes was a black colored, AK style rifle, model SLR-95, serial number [REDACTED] (later assigned placard #8), an extended magazine that was detached from the rifle (placard #7), and an unspent bullet (placard #6) that matched the description of the bullets in the extended magazine. The extended magazine was later examined and determined to be loaded with 34 bullets stamped with "711 9 4". A Gatorade bottle was located just to the north of Cervantes' left foot. The small Gatorade bottle appeared to have blood on it. The bottle was later assigned placard #5.

Approximately 69 feet west of Cervantes's was space [REDACTED]. The trailer parked in space [REDACTED] had been struck by two rounds. One round struck the front (east side) of the trailer, and the second round struck the north side of the trailer. The first round entered the trailer, but didn't strike the occupants. The second round on the north side of the trailer did not penetrate the interior, living area. The two rounds appeared to be in line with Officer Martinez' line of fire.

**Scene:**

We then began to process the scene for evidence. The scene was primarily situated in two areas; the north row and west row of the trailer park. The north row travels in an east and west direction. The west row travels in a north and south direction and meet in at a "T."

Trailers and vehicles were parked on the north and south side of each row. On the north side of the row (from east to west) were trailer spaces [REDACTED]. On the south side of the row (from east to west) were trailer spaces [REDACTED].

The still photo on the following page was obtained from ABLE (SDPD Helicopter) video footage obtained on the day of the incident, just moments after the shooting. The photos illustrate the layout of the RV park. The area marked number one indicates the general area where four .223 cartridge casings (placards #1-4) were located. These casings and their location are consistent with Officer Martinez' position when he fired his rifle.

The area marked number 2 designates the general area where Cervantes, his rifle, and the Gatorade bottle (placards #5-8) were photographed and recovered by CSS Martinez.

I measured the location of each item before it was collected. All measurements were obtained via roll a tape and are approximate.

**Walk-Through:**

At 1705 hours, Officer Martinez returned to the scene for a walk through with Sergeant Maggi. The walk through was digitally recorded by Sergeant Maggi; refer to the recording and his report for complete details. The walk through was approximately 2 minutes.

During the walk through, Officer Martinez provided a general area of where he believed he was positioned when he fired at Cervantes. Detective Beard marked an "O" with chalk to reference the officer's approximate location.

Officer Martinez' approximate location at the time of the shooting was in front (south) of space #35. CSS Martinez placed an orange cone with a number one at the location Officer Martinez identified as his position at the time he shot his firearm. She then photographed the location.

I determined that Martinez' stated position was approximately 115'5" west of **R1** and 12'4" south of the southern edge of the concrete slab for the vehicle parking spot for space #35 (located to the east of the trailer) at the time of the shooting. The distance from Officer Martinez' approximate location to the casings (placard numbers #1-4) are noted below.

Placard #	Item	Distance
1	Casing	19'7" north of Officer Martinez
2	Casing	17'5" north of Officer Martinez
3	Casing	17'5" north of Officer Martinez
4	Casing	9'2" north of Officer Martinez

**Scene continued:**

After the walk-through, Detective Beard, CSS Martinez and myself continued to process the scene. We walked to Cervantes' location. His body was covered with a yellow tarp. Cervantes' body was positioned with his head facing the west and his feet facing the east. A Gatorade bottle with blood on it was located just north of Cervantes' left foot. Cervantes was face up.

I took the following additional measurements. The estimated distance between Officer Martinez and Cervantes prior to shots being fired was approximately 177'9". Below was a photo taken from the approximate area where Officer Martinez told Sergeant Maggi he was when he fired his department issued AR-15, in relation to where Cervantes was found deceased. The four casings were found to the rear of the black Honda Civic [REDACTED] positioned on the right side of the photo. The yellow tarp at the top left corner of the photo was Cervantes.

Cervantes

Black Honda Civic

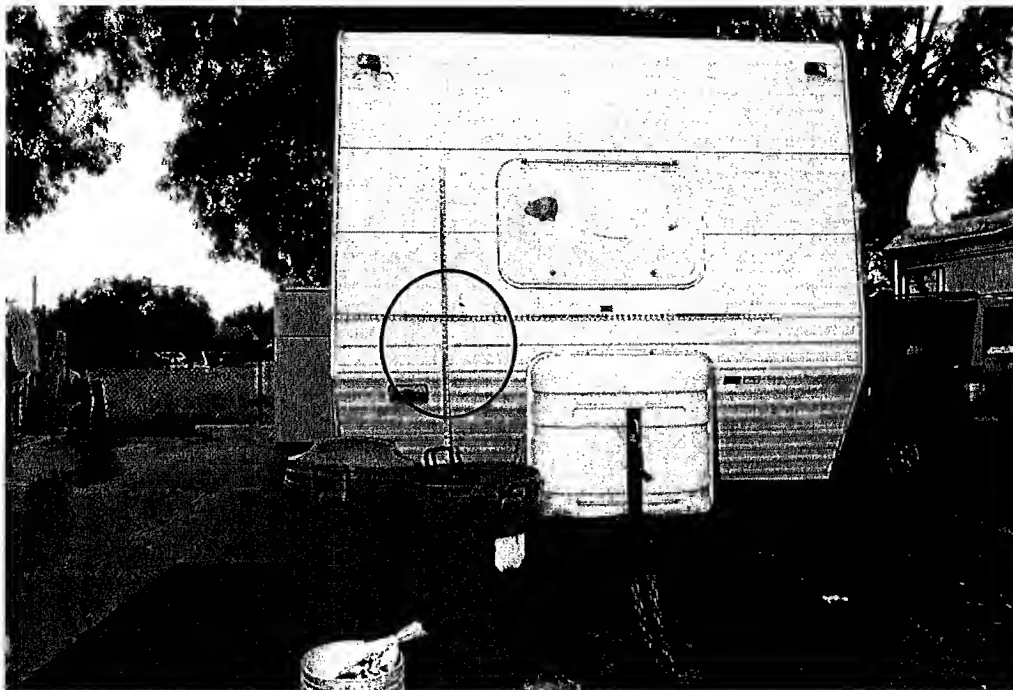

Two rounds struck a trailer, CA plate [REDACTED] located behind (west of) Cervantes, in space [REDACTED]

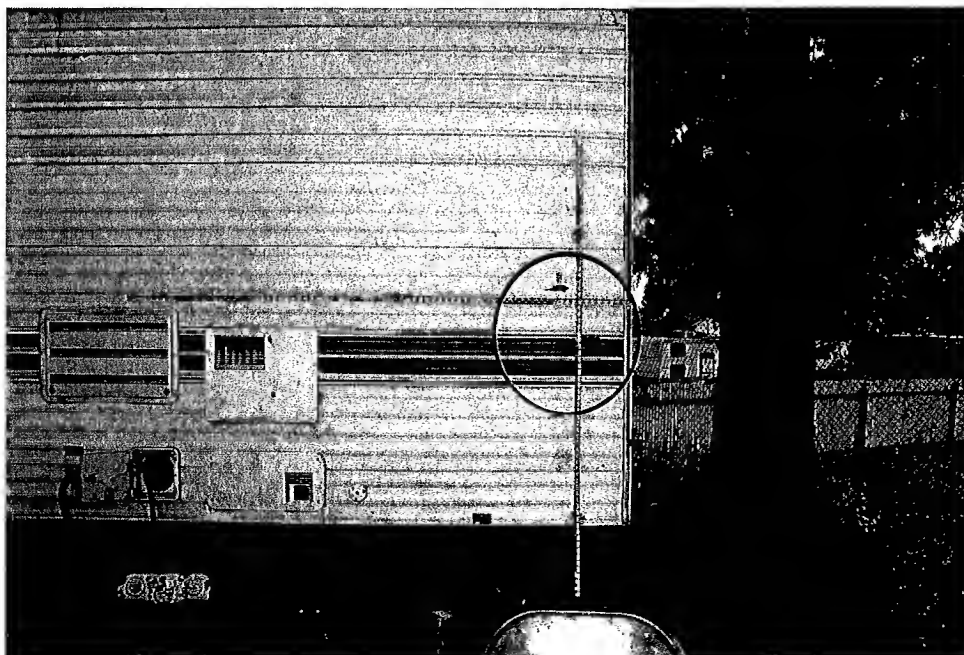

The trailer was white with a blue and gray horizontal stripe. One round (A) struck the east side of the trailer (front) and the second round (B) struck the north side of it.

The strike mark on the front of the trailer 4'8" in height and 1'11" north of the south edge of the front side of the trailer.

The second round's location on the north side of the trailer was near to rear of the trailer (west side). Its location was 4'10" in height and 1 foot east from the west edge of the trailer.

The estimated distance between Officer Martinez and the trailer in space [REDACTED] was approximately 246'. The trailer was occupied at the time of the shooting, but no occupants were injured.

With the occupant's permission, we entered the trailer in space [REDACTED]. I noted the round that struck the east side of the trailer, entered the trailer and wedged into the south wall, approximately 3-4 feet from the entry location. The room the round entered had a bed inside of it and appeared to be the master bedroom. I then walked to the rear of the trailer to see if the second round entered the interior of the trailer. There were no entry holes in the area where the exterior of the trailer was struck so it appeared the second round grazed the side of the trailer, but did not enter the living quarters. CSS Martinez measured and photographed the interior and exterior of the trailer.

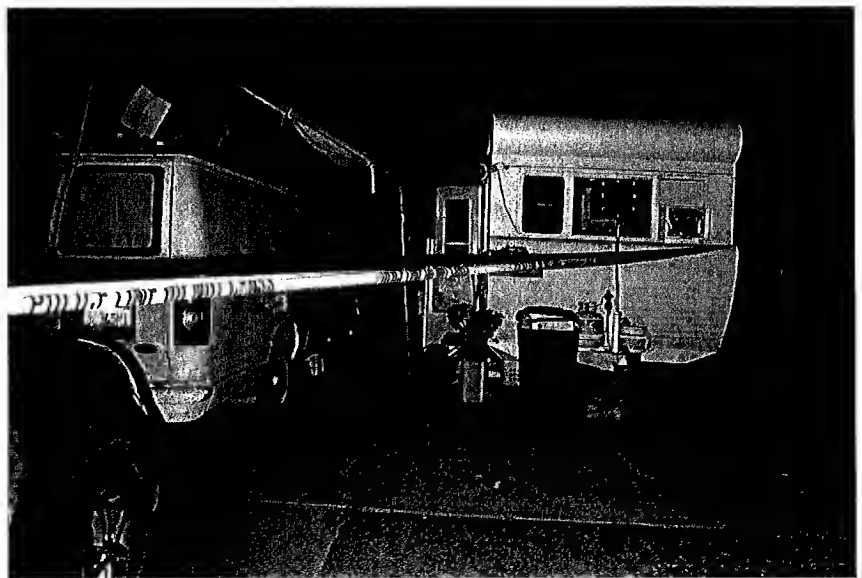

At approximately 1838 hours, Medical Examiner Investigator Jessica Magana #29 arrived on scene with Dr. Leslie Anderson (fellow) and Dr. Vivian Snyder. Magana advised me the Medical Examiner's case number was [REDACTED]. They removed the yellow tarp that covered Cervantes. I saw Cervantes was a Hispanic male, wearing a red t-shirt (cut open, presumably for medical intervention), and blue draw string cloth pants. Dr. Anderson and Dr. Snyder conducted a preliminary investigation of Cervantes. I noted Cervantes had an injury and blood to the back of his head. I also noted a gunshot wound to the left side of his upper torso, near the bottom of his ribs. CSS Martinez took photos of Cervantes.

At 1903 hours, the body removal team placed paper bags on Cervantes' head, hands, and feet. They then placed Cervantes' body into the body bag and sealed it with red Uline tag number [REDACTED] at 1909 hours. They transferred Cervantes' to the medical examiner's office at 1914 hours.

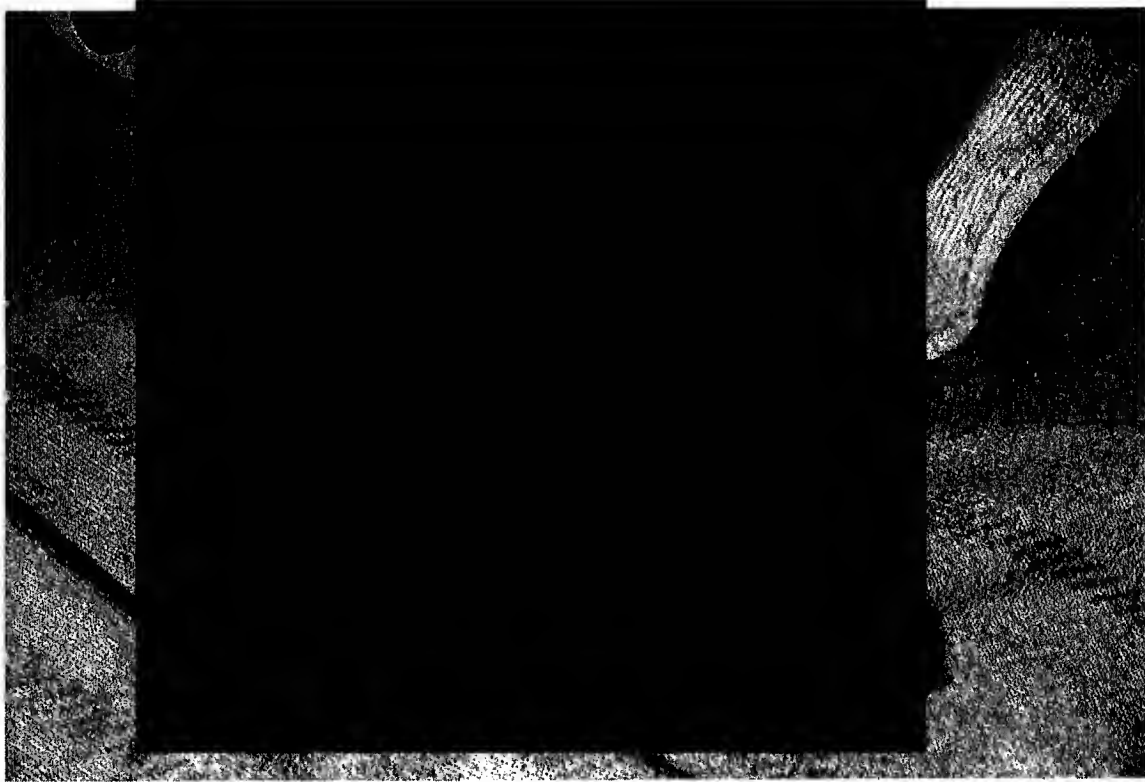

At approximately 1920 hours, I walked to the front of Cervantes' residence. An officer was standing guard in front of the residence. I learned Cervantes [REDACTED]. Sergeant Maggi and Detective Mercado #5858 spoke with [REDACTED] and obtained written consent from [REDACTED] to search their residence and vehicles at the location. Detective Mercado assisted with Spanish translation for Sergeant Maggi.

At 1957 hours, CSS Martinez began photographing Cervantes' trailer at space [REDACTED] including two vehicles parked in the driveway at space [REDACTED]. The two vehicles were a gray colored Kia Soul with CA plate [REDACTED] and white Econoline van with CA plate [REDACTED].

At 2012 hours, Detectives Beard, Condon, Dozier, and I searched Cervantes' trailer. At the front of the trailer, there was a living quarters with a couch and television that was still on. In the middle of the trailer was the kitchen area. At the rear of the trailer was a bedroom and bathroom. We did not locate any additional weapons or items of evidentiary value.

Detective Condon located Cervantes' passport inside of a dresser drawer in the bedroom. The drawer was located on the second drawer down from the top. The passport was on the south side of the drawer. The passport had the name of Alfonso Juarez Cervantes on it. His birth date was listed as being 03-17-69 and the passport number was [REDACTED] CSS Martinez took photos of the passport.

Detectives then searched the two vehicles in the driveway. The first vehicle was a gray colored 2011 Kia Soul with CA plate [REDACTED]. The vehicle appeared to be in fair condition. The second vehicle was a white colored 1998 Ford Econoline van. The van was in poor condition and was filled with property to the roof. Only the front passenger door would open. The vehicle appeared to be only used for storage. There was no evidence recovered from either vehicle.

I completed the scene processing and secured at 2047 hours.

On April 4<sup>th</sup> Sergeant Maggi and Lieutenant Dobbs reviewed ABLE video and saw Cervantes fire his rifle while walking next to space #42. They returned to the scene and searched the area around space #42 to look for Cervantes' cartridge casing. Lieutenant Dobbs located the casing next to a black PVC sewer line, approximately 27 feet south the wooden fence and 9 feet east of the west curb line. The casing was consistent with the casing that would have been fired from Cervantes' rifle. Sergeant Maggi recovered the casing and later impounded it at Headquarters under barcode number 11000853.

**MORGUE SCENE:**

On April 3, 2019, Alfonso MARTINEZ was shot and killed by a San Diego Police Officer after he brandished and threatened several people in a trailer park with an assault rifle.

On April 4, 2019, beginning at approximately 0900 hours, I was a witness to the autopsy of CERVANTES at the San Diego County Medical Examiner's office. Detective TAFOYA also attended the proceedings. Deputy Medical Examiner Fellow, Doctor ANDERSON conducted the autopsy which was supervised by Deputy Medical Examiner, Doctor SNYDER. Forensic Assistant Jason NEWMAN assisted Doctor ANDERSON. Crime Scene Specialist, Denise MARTINEZ #8696, photographed the proceedings and collected evidence.

The decedent was first observed contained in a white zippered body bag on an examining bay table. The bag was sealed with a red tamper proof seal bearing number [REDACTED]. The case was assigned Medical Examiner case number [REDACTED].

MARTINEZ began taking overall photographs of the body bag in which the decedent was incased. At about 0910 hours, Doctor ANDERSON broke the red seal and exposed the decedent. MARTINEZ then took additional photographs of the decedent in his present condition and continued doing so until the conclusion of the autopsy.

The decedent was wrapped in a white hospital sheet. There were signs of medical intervention; EKG pads and oral spacer. These items were removed by Dr. ANDERSON and discarded. The decedent was wearing blue drawstring cloth pants with a white "sail design" (similar in appearance to pajamas), a red short sleeved t-shirt. The shirt had signs of medical intervention cuts. The decedent wore a brown leather styled flip flop on his right foot, the left sandal was in the body bag but not on his foot (it was off at the scene). Forensic Assistant NEWMAN recovered the following items from the decedent's left pant pocket; two (2) live rounds of 9mm Luger ammunition. These items were collected by CCS MARTINEZ.

I noted a defect in the upper left hip area of the pants and a defect in the middle left torso area of the t-shirt.

The decedent's head, hands and feet were covered with paper bags. These items were removed and collected by MARTINEZ.

MARTINEZ conducted fingernail scrapings and collected the matter. MARTINEZ also collected an oral swab (DNA), hand swabs and a head hair sample. MARTINEZ also collected possible gunshot residue using GSR kit [REDACTED]

The decedent had no tattoos and wore no jewelry.

NEWMAN then washed the decedent. After the decedent was washed, MARTINEZ photographed the decedent in his present condition. I then began to closely observe the decedent as Doctor ANDERSON viewed and examined him for wounds and irregularities. The viewing commenced with the decedent's head and face.

The decedent appeared to be a Hispanic male consistent with the stated age of 50 years old. He was approximately 66 inches tall and weighed approximately 210 pounds (in body bags and clothing). He had short brown hair, brown eyes and was unshaven.

**The following trauma was noted:**

The decedent's entire body was viewed by Doctor ANDERSON and me.

I noted various and multiple abrasions on CERVANTES' forehead, right elbow, right hand and left knee (refer to Dr. ANDERSON'S report for a complete inventory). I noted a penetrating gunshot entrance wound to the decedent's left outer thigh. During the internal examination the bullet for this gunshot was located and recovered in the decedent's buttock. I noted a perforating gunshot entrance wound to the decedent's left side (torso) with a corresponding exit wound in the decedent's left back. I noted a tangential head wound (head wound specific to a missile graze) to the back of the decedent's head. A subdural hematoma was located in this area during the internal examination of the decedent's head.

Doctor ANDERSON informed me the cause of CERVANTES' death was gunshot wounds and the manner of death was ruled a homicide.

I concluded our observations of the autopsy at about 1235 hours.

This report is based on my observations during CERVANTE'S autopsy; refer to Dr. ANDERSON'S report for complete and accurate details.

**INVESTIGATOR'S FOLLOW-UP (CASING RECOVERY):**

On April 3, 2019, at approximately 1350 hours, I was contacted by Lt. Matt Dobbs and directed to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I notified other members of Homicide Team V and arrived on scene at approximately 1440 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony Breise #6633. During the briefing I learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso Cervantes, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer Martinez #7591 and Officer Adams #5384 arrived on scene and located Cervantes on the opposite side of a fence in an alleyway to their west. Cervantes was still holding the rifle and fired a round in what Officer Martinez believed was his general direction. Before officers were able to engage Cervantes, he walked away westbound and they briefly lost sight of him. Moments later, Officer Martinez and Officer Adams reacquired a visual of Cervantes in the next alleyway to the south. Officer Martinez ordered Cervantes to drop the rifle. Cervantes did not comply and was ultimately shot. Officers rendered first aid, but Cervantes was pronounced deceased at the scene.

On April 4, 2019 I viewed ABLE video footage of the incident. I observed Cervantes fire his rifle while walking near trailer space #42. Lt. Matt Dobbs and I returned to the scene and searched the area around space #42 to look for Cervantes' cartridge casing. Lieutenant Dobbs located the casing next to a black PVC sewer line, approximately 27 feet south the wooden fence and 9 feet east of the west curb line. The casing was consistent with the casing that would have been fired from Cervantes' rifle. I recovered the casing and impounded it at Headquarters, barcode #11000853. I photographed the casing with my phone and burned the photographs to disk. The disk was also impounded at Headquarters, barcode #11005456.

**Officer Identified In Officer-Involved Shooting**

San Diego- On April 3, 2019, at approximately 1:33 p.m., the San Diego Police Department Communications Center received multiple 911 calls regarding gunshots being heard in the area of 190 West Calle Primera. Officers arrived on scene a few minutes later and attempted to contact the man described by the callers, which prompted an officer-involved shooting.

As with any officer-involved shooting occurring in the City of San Diego, the San Diego Police Department Homicide Unit responded to conduct the investigation. The investigation is still in its preliminary stages, but according to civilian eyewitnesses, gunshots were heard in the neighborhood and a male with an AK47 style rifle was seen walking through the RV Park. The witnesses described the man as acting strangely and appeared to be hiding from someone. Multiple citizens said the man pointed the rifle at them during the initial incident.

Several San Diego Police Officers arrived on scene and established a perimeter as they developed a tactical plan to handle the incident as safely as possible. At one point, the man approached the officers' location and fired a round from his rifle. The man retreated behind a row of RVs and was again seen a few seconds later, still holding the rifle. An officer gave directions to the man to drop the weapon, but he did not cooperate. According to a witness, the man raised the weapon towards the east – in the direction of the officers – and gunshots were again heard and the man fell to the ground. Officers immediately approached and began administering first aid, until being relieved by medics. Unfortunately, the man did not survive and was pronounced deceased at the scene. Thankfully, no other civilians or officers were injured in what could have been a much more tragic incident. A loaded assault-style rifle was found next to the man.

One San Diego Police Officer fired his weapon during the incident. The officer has been identified as Michael Martinez, a 2 1/2 year veteran of the department.

LM: And what caliber is that?

MM: 9mm.

LM: Serial number?

MD: You can look if you need.

MM: Take a look, yeah. It is [REDACTED]

LM: And is that Department or personal?

MM: Department.

LM: [REDACTED]

MM: [REDACTED]

LM: And how about the carbine? Or I guess that would be the AR?

MM: Yes. That's the Daniel Defense.

LM: I don't see a spot for that on here. I'll write it down here. Is there a model number for it?

MM: Yes. It's DDM47. Super lightweight SLW.

LM: Okay. I don't know if this really matters but number of rounds carried in your primary magazine?

MM: [REDACTED]

LM: [REDACTED]

MD: [REDACTED]

LM: [REDACTED]

MM: [REDACTED]

LM: [REDACTED]

MM: [REDACTED]

LM: Okay. And the AR?

MM: The AR carried [REDACTED]

LM: Any other less lethal uses of force used today? OCN? Baton? ASP? Nunchucks, Taser? Beanbag?

MM: No.

LM: Canine?

MM: No sir.

LM: Anything else I didn't mention?

MM: No sir.

LM: Okay. All right. I think that's everything on the checklist. All right. We'll go ahead....

RP:

MM:

RP: Got it.

LM: So earlier today, my understanding is you responded to an 11-6 call. Or it might have come out of the 415 weapon call initially and eventually turned into an 11-6 call. Is that accurate?

MM: I believe it came out as an 11-6....

LM: Okay.

MM: call.

LM: Okay. If you can describe what was going on when you heard that call? Your response to it and what happened when you got there?

MM: Yes sir. So my partner Mike MUNIZ and I made a traffic stop over off of Saturn and Coronado Avenue. We were on the Saturn side right by the park. We're in the middle of our stop. I gave the driver a verbal warning for not having a front plate. He gave me consent to search. And the two passengers in there gave me consent to search them as well. We did that.

While I was searching the vehicle, I was hearing the call get updated that it was an 11-6 call. A guy was running around the mobile home park with an AK-47 and he was running in between vehicles and hiding in the complex. I finished up my call. Basically we were basically finished up so we kind of dropped it quick and left. We headed to San Ysidro where the call was at. The call continued to get updated. There was multiple RPs saying that he, I believed somebody had heard a round go off or somebody fire a round. That he was still running around. It looked like he was hiding with that AK-47 still in position of the gun.

And when we arrived on scene, we were actually going to pull into the Motel 6. My partner was thinking that there was an entrance into the back. I'm a little familiar with that area and I know that there isn't an entrance to that mobile home park or the Travel Lodge that's next door. There's only one entrance and exit. So we didn't go that route. We ended up going right to the front entrance off of Willow Road. And I saw other patrol vehicles there. I exited the vehicle. I was driving the car. My partner, Mike MUNIZ was the passenger.

I exited the vehicle. Popped the trunk. I donned my external vest. The Department issued vest. And at the time I didn't realize I wasn't able to snap the sides shut and I didn't realize why until later. Because I had covered it. My BWC was still on my shirt and I didn't take it out. So it kind of had that buffer. It was sticking out a little bit. So I had one of my other partners clip one side for me and grabbed my AR. I racked a round and I was

hearing the call continue to get updated. I think there was more RPs calling saying that he was still in the complex.

ABLE was overhead and ABLE was putting out information that he was the suspect was a male suspect wearing like pajama pants and a red shirt. That he definitely was armed with a rifle. And I believe that ABLE mentioned that the suspect was walking northbound. At the time there was about five or six officers there on scene already. Were at the front entrance and were trying to kind of come up with a little game plan as to what we were gonna do. And when the call came out that the suspect was walking northbound through the complex, we kind of figured that he was actually walking towards our direction. So I started peeling off over to the left which would have been south. Going a little bit southbound into the complex. Still right in the front.

There's a large wooden fence. Or kind of like a wooden barrier. It must be like, you know, eight to ten feet tall. It's a pretty large wooden solid fence. But right on the right side of that, which would be like the north side of that fence, there's a chain link fence. And beyond that chain link fence there's a road. And now we're talking about RV complex. You could see, it's just a regular road where their building is on the right. The road is in the middle and then the RVs are starting to park along the left.

LM: Now I'm gonna stop you for just a minute because I printed out an aerial picture just to kind of help.

MM: Okay.

LM: Let's see if I can get my directions here. So this side would be west. This would be north. This would be south. And this would be east. Go ahead and take a look at that and see if it helps you figure out the positioning.

MM: Yeah. So actually. Yeah the pool. So we were right here at the front entrance. I started to peel off a little bit southbound into the complex. And directly in front of me was that large wooden fence. But a little bit to the north kind of where this pool was is at.

LM: So like on the far side. The west side of that pool?

MM: Yeah. Like this southwest part of this pool area.

LM: Okay.

MM: There's a chain link fence. Beyond that chain link fence is this road right here. I could see the suspect walking towards us. He had the blue pants. At that time I couldn't tell if they were pajama pants. But he had the blue pants. Hispanic male. Red shirt and he was holding a black rifle in his hand. One of the things that stood out immediately was the magazine. It was like curved. The magazine like you'll see in the movies. You know, like a banana clip type of magazine. It curved. I immediately noticed that. I called it out and I heard a round go off. So when I...he actually was walking towards us. He was swinging. He had the gun in his right hand. He was swinging it kind of like in a normal walk. And he pointed the firearm kind of front of him towards the ground and let off a round.

I immediately, in my mind I'm like, it scared me. The round scared me. I wasn't expecting him to fire it. I knew immediately that it was real. And I took cover behind. I think it was just either the first or the second RV. There was another vehicle that was parked right next to it. And I kind of took cover behind that car. I put out "shots fired." And as soon as I started ducking into, behind cover, the suspect began walking away. That large wooden fence, he kind of disappeared behind that. So if he was walking westbound all he had to do was walk a little bit south and that wooden fence would have...I no longer had visual of him anymore.

LM: Okay.

MM: So I lost visual of him.

LM: Let me stop you there for a moment before we move onto...after he, we'll cover this portion first. When you see him in this walkway here and it looks like the north side of that...or not walkway. It's an alley or roadway I guess. The north side is hotel rooms?

MM: Right.

LM: And the south side is the big wooden fence you're talking about. About where in that alley did you see him? And you said he was walking towards you. So just to confirm, that was eastbound?

MM: Correct.

LM: Okay. There's a Sharpie here. If you could mark with a triangle where you saw him in that alley? Just roughly?

MD: If you don't remember exactly that's fine.

MM: I'm gonna say approximately here (draws on diagram).

LM: Okay. And where were you?

MM: I was approximately here (draws on diagram).

LM: Okay. So you put a dot at the east end of that alley, kind of towards...between the middle of that alley and the wood fence. And then the dot for you it looks like is between the first and second trailer on the east side of that complex. Is that accurate?

MM: I believe so. I believe I was between those two.

LM: Okay. And what separated you and the subject with the rifle? What was between you guys?

MM: Initially it was a chain-link fence. When he let off the round. And I was taking cover. He was walking away and he kind of walked southwest bound which he then...I lost track of him because there's a large wooden fence.

LM: Okay so he started...initially he was walking eastbound and then after the round he started walking southwest?

MM: He started walking backwards. Like west and then I'm not sure if I, because of my movement from trying to get behind cover, if I lost him or if he actually went behind that wooden fence. But I lost track of him.

LM: So it seems reasonable to say if you saw him, he could see you. Is that fair?

MM: Yeah. He was looking right at...he was walking and looking towards us.

LM: Okay. When that shot was fired, he was holding it to his side, in his right hand?

MM: Right.

LM: What direction was that muzzle pointing?

MM: Down, but forward in front of him. So when he was walking, he was swinging the firearm. Just kind of swinging the firearm forward and back. And I would say he was pointing it forward but towards the ground.

LM: Okay.

MM: So when he shot, the round would have hit the floor at some point. I'm not sure how far away from his feet. But it wasn't straight down.

LM: Okay. So this is after he saw you?

MM: Right.

LM: But it was directed towards the ground?

MM: Right.

LM: Okay. So it didn't look like he necessarily took aim towards you? Or did it?

MM: He didn't bring it all the way up towards us.

LM: Uh huh.

MM: But the muzzle pointed forward down.

LM: Okay.

MM: So I guess you could say in our direction, but not directly in our direction.

LM: Okay.

MM: Yeah.

LM: And then immediately after that shot, you said he walked backwards. Do you mean literally backwards? Or he just went back the way he came?

MM: He actually turned completely around.

LM: Okay.

MM: And walked westbound.

LM: Okay. And as he did that, because of that fence, that's when you lost sight of him?

MM: Correct.

LM: Okay. All right. So let's pick up from there. After that happens and you lose sight of him, go ahead and continue.

MM: I lost sight of him. I put out on the radio "shots fired." And we began to, the officers began to split up in teams. My partner Mike MUNIZ went with the other guys. Me and Officer ADAMS were together. I thought more people were gonna come with us. I think they had about four. And we had us two. And we started walking southbound through the complex. I walked right...there was a vehicle parked right next to the RV. One of these RVs that I was in front of, I'd walked in front of that vehicle and behind the RV. So basically right in between, right in between them trying to get cover. We walked southwest, like in a diagonal fashion. Across this little roadway here (writes on diagram) and when I came around the corner here, the suspect was already walking eastbound towards me. I didn't expect for him to pop out that fast and already be in the middle of the road.

LM: And just for the recording sake, we're now talking about the alley between the northern most row of trailers and the middle row of trailers. And you guys are on the east end of that trailer facing westbound. And the subject is at the west end of that alley?

MM: Correct.

LM: Walking towards you eastbound?

MM: Yes.

LM: Okay.

MM: And so when I turned that corner I saw him walking towards us. He was looking at us. He still had the rifle in his right hand. He was still kind of walking and swinging it. Not swinging it but, you know, as you walk your arms kind of swing back and forth. That's what he was doing but with the rifle. It was slightly a little more exaggerated, but I brought my firearm up. My AR up. I had him in my sights. I gave him, I yelled out a command for him to drop the gun. And I gave out one command. I screamed it. I waited about, it was about one or two, between one or two seconds. He didn't put the gun down and I fired four rounds.

LM: Okay. First of all let me have you put a circle where you recollect you were and a triangle where you recollect he was when this went down.

MM: A circle where it is?

LM: Yeah. Correct. And then a triangle where he was roughly. Okay. And when you see him, he's walking towards you, rifle's in the right hand, much the same way it was when you saw him earlier?

MM: Yes.

LM: So what I gather from that is the muzzle is still pointed in your direction?

MM: Yes.

LM: Okay. He's walking with more exaggerated gait? Is that?

MM: Um hmm. Right.

LM: Okay. You see him. You give a command to drop the weapon. How does he respond to that?

MM: He doesn't.

LM: Does he give you any acknowledgement at all that he heard you or comprehended or anything?

MM: Nothing.

LM: Okay. What happens next?

MM: I fired four rounds.

LM: Okay.

MM: And I was aiming for his center mass. So his chest. Stomach area.

LM: Okay. And at that moment, why did you decide to fire?

MM: At that moment I already knew that the gun wasn't a toy. He already had fired it once. He was still holding it in the same fashion that he fired it the first time. And that he was capable of doing it again. I feared for, you know, my life. Officer ADAMS' life if he were to send rounds down our direction. There was people still in the complex. Spring break. Kids are out. I know that there's kids in the complex cause I drive through there sometimes. So I know there's kids there. And he didn't comply with the directive to drop the gun so I, yeah.

LM: Okay. You said four rounds. Was it four round in one volley? A couple of volleys? Do you remember the sequence?

MM: They were pretty consecutive. They were "bam bam, bam bam."

LM: Okay. And obviously you carry a rifle. So you're familiar with them. From where he had that rifle positioned, do you know how long it would have taken him to take aim and fire at you from where he was positioned?

MM: Less than a half a second.

LM: Okay.

MM: For him to bring that gun up and fire. Yeah, I would probably be able to do it in less than a half a second and I wouldn't see why he wouldn't be able to.

LM: Okay. And you're aware of your vest capabilities. Even the ballistic one you were wearing. What kind of damage could that rifle have caused if he did get a shot off?

MM: Even I think the external vest, I don't think it would have protected me from high velocity. Or AR rounds. At least not multiple AR rounds.

LM: Okay. Matt? Any questions.

MD: Yeah. So you arrive on scene. And the information that you're given going into it is that there's a man with a rifle. He's already fired shots. People are describing him as running around and hiding?

MM: Correct.

MD: Okay. Do you know what he was hiding from?

MM: No.

MD: Okay. ABLE arrives. They confirm that there has been rounds fired at some point?

MM: I don't remember ABLE...

MD: Oh I'm sorry. That he has a rifle.

MM: He had a rifle, yes.

MD: Can't read my own writing. That he has a rifle. So you guys are coming up with a game plan?

MM: Right.

MD: What is the purpose of coming up with a game plan to address this situation?

MM: Me and my partner kind of came late to the show. I think from what I...the last update that I remember hearing was that the suspect was towards like the southwest end, closer to the park. So when I arrived on scene, I guess I'm assuming now that we're trying to come up with a game plan to lock the area down. The guy was moving around so possibly a game plan to go in.

MD: You're trying to coordinate your response to the situation?

MM: Correct.

MD: What does that allow you to do?

MM: Just to take him in without anybody getting hurt. Without us getting shot. Anybody getting killed.

MD: So slowing down the situation allows you time to come up with contingency plans to hopefully come out to a safe resolution?

MM: Right.

MD: Okay. You said when you first saw him he was walking down the driveway, alley, whatever it is, between the hotel rooms and that wooden fence, and he was walking easterly towards your direction?

MM: Correct.

MD: Do you have any doubt in your mind at that time that he saw you?

MM: I have no doubt that he saw us.

MD: And he's swinging the rifle with his normal gait, but the muzzle is coming up in your general direction and a round is fire off. Do you know if he intended to fire that round at you?

MM: I don't know if it was intentional or not.

MD: Okay. But after that round is fired he turns around and walks away?

MM: Correct.

MD: So you guys transition over. I guess it would be south to the first row of RVs in the park there. And you said you were kind of startled when you saw him at the end of the row?

MM: Yes. Cause he kind of...when I saw him he was already, you know, I guess in my, now thinking about it and my thought process was he was gonna walk down this road, around. And again I've driven the park before. So I'm familiar that it goes down and around. And when I saw him that close in the middle of the road already and I'm in the middle in the road with no cover, I guess I was surprised that he actually like cut through those mobile homes and he cut that, shortened that gap between us and him. And it was quick. It happened fast.

MD: When you first saw him at the end of that row, what position was he in?

MM: Facing us.

MD: So he's facing you?

MM: Correct.

MD: And he was holding the rifle one handed?

MM: Correct. Just as...

MD: By his pistol grip?

MM: Correct.

MD: So all you would have to do is raise the muzzle to take a shooting platform and?

MM: Correct.

MD: Okay. And he's already in his, the way you described the first contact with him when the round was fired, to his behavior this time, was it similar?

MM: Similar.

MD: The way he's carrying the weapon? The way he's moving?

MM: Correct.

MD: So then you said you were kind of in the middle of the roadway and had no cover?

MM: Right.

MD: Okay. And you gave him directions. Do you recall what those directions were?

MM: I told him, "Drop the gun." "Drop the gun" or "Drop the weapon." One of those two. One time. One directive.

MD: Did you say any consequence to if he didn't?

MM: No.

MD: That he would be shot. So you tell him to drop the weapon. Did he comply with your direction?

MM: No.

MD: What did he do initially when you challenged him and told him to drop the weapon?

MM: I believe he continued to walk towards us. Yeah. He continued walking and that's when I took the shot.

MD: Okay.

MM: And he didn't stop or he didn't...

MD: In that moment when you first see him and he's walking towards you and you give him the command to drop the weapon until the time you fire, what thought process is going through your head?

MM: I guess uh...

MD: What I'm asking is the thought process that leads you in that brief moment to feel that you need to engage him with gunfire?

MM: Just the fact he could have brought that up so quick and got rounds down really quick. He probably would have had the jump on me if I was continuing to talk. Not focusing on him and focusing more on giving him directives. And I had no cover. I think ADAMS was right behind me so I don't think he was behind cover. And my thought process was, you know, eliminate the threat. He already fired one round. He's walking through the complex. He's not dropping the gun when I'm telling him to.

MD: What do you think would have happened had you not fired at him?

MM: I think he probably would have either shot at us or he probably would have ran through the complex. I knew he lived there and I knew that he knows the area probably a lot better than I do.

MD: Was there a danger to letting him escape and run through the complex with a rifle?

MM: Yes sir.

MD: And what is that?

MM: The danger to everybody else who's living in that entire community.

MD: And why did you feel it was a danger to everyone in that community?

MM: Because prior to the call, he had already been running through there. He had already fired rounds. According to the RPs calls, the updates, and he fired a round while we were on scene already.

MD: Based on the activity that you saw from him, the actions that you saw, would you describe his behavior as hiding that was described in the initial radio call?

MM: Yes.

MD: Okay. And did you make any assumption of why he might be hiding?

MM: Not at the time. I mean, now looking back at it, he fired rounds and then he was hiding at the time on scene. I didn't put that together but now looking back, he fired rounds. He was hiding and maybe waiting for somebody to come, possible ambush.

MD: And at that time when he's hiding for a possible ambush, he's already seen you?

MM: Correct.

MD: Correct. And he's already fired a round in your general direction having seen you. Whether it was intentional or not, we'll never know.

MM: Correct.

MD: After you fired the rounds what happened?

MM: After I fired the rounds he dropped immediately. He like fell onto his back. I immediately saw the gun fall and it was away from him. It was about maybe one to two feet away from him. And I think I put out "shots fired", "OIS". Excuse me. I think I put out, "We're walking up to him now." And I had my sights still on him. He wasn't moving. I told him, "Don't move." "Dude, don't move, dude." Or "Don't move." We walked up on him, me and Officer ADAMS. He was laying on his back. The firearm was over towards his right side. I kicked, I moved the firearm with my foot out of the way.

More officers started coming. I put my gun back on safety. I moved my AR out of the way. I was gonna try to put the suspect in handcuffs and then search him for any other weapons. But my sling, it kept coming in front of me, so I told one of the other officers, "Hey dude take my gun." He grabbed my gun, my AR. I turned him over to pat him down. I saw that there was a huge wound to the back of his head. It was like skull, blood and brain matter coming out of the back of his head. So when I rolled him over I just checked him real quick for firearms. Put him back onto his back. And I started grabbing my gloves. I put my gloves on and I told the guys that I was gonna start compressions. I think I aired it. "I'm gonna start compressions." And as I started my... I don't know if you remembered at the beginning my external vest, I only was able to put one side on and the other side didn't clamp because I had the BWC. So it was kind of swinging back and forth and there was blood there. So I stopped. I took off my external vest. Laid it on the floor. Then I began compressions. Officer VERDUZCO came and relieved me. Maybe after, it was pretty quick, about a minute of compressions, he began compressions on the suspect. And then I went to grab... I think some other officers were going to the west side of this complex. And I think I remember hearing one of the reporting parties... or I don't know if they were a reporting party, but one of the neighbors opened their door and was pointing that direction. I'm not sure if she lived out here in this direction or there was another suspect or something. But they went towards the west side.

I grabbed the AR and unloaded it. And I still had my gloves on. So I unloaded the AR. I took the magazine out. I racked the round out of the chamber. So it was loaded. Or there was one in the chamber. And then I tried locking it back and I can't remember if I was able to get it to actually lock back when you rack it.

MD: Back to your BWC and putting on your plate carrier, how long have you had the plate carrier?

MM: I would say about a year and a half.

MD: How many times have you actually had to put it on?

MM: Once before this.

MD: And what was that for?

MM: I can't remember. I think I probably put it one time only before this.

MD: Have you practiced putting it on at all?

MM: No, not really. Not too much.

MD: So you put it on and would it be fair to say that this was somewhat of a stressful situation going into it?

MM: Yes.

MD: A guy with an AK-47 type. I would be scared.

MM: And he was moving around the complex. We didn't know where he was at.

MD: So as you're trying to put on this vest you've only put on once before and don't really train with, you couldn't necessarily diagnose why it wasn't fitting?

MM: Right.

MD: But it's fit before?

MM: Correct.

MD: And you had to have someone help you try to buckle it?

MM: Right.

MD: And you didn't realize that your BWC was under it?

MM: Right.

MD: So kind of the question that I have for you is the fact that you put it on over your BWC a result of the stress or were you trying to conceal it?

MM: The stress.

MD: Okay. That's all I have.

LM: Anything else you want to add?

MM: No.

LM: Mr. PINCKARD?

RP: When he fired the round, were you able to see a muzzle flash?

MM: No. I didn't. I did see smoke come, like a puff of smoke and then the snap from when he fired that pop. I immediately recognized that it was, it wasn't a toy gun.

RP: When you saw that puff of smoke, was it like a puff that you would see from the muzzle or was it from the side?

MM: I want to say it's probably from the side.

RP: Okay. That's all I have.

LM: When you say snap, is that the movement of the muzzle you're talking about? Or...?

MM: The pop of the, of the...

LM: Just the sound?

MM: The sound of it, yeah.

LM: Okay. And could you see that round impact anything? The ground? The fence? The wall? Anything?

MM: No I didn't.

LM: Okay. All right. I think we got everything we need. If you just want to sign the bottom for me on that. And then did I have you indicate where you parked on here?

MM: No, but I can.

LM: Yeah. If you can show where you parked and just kind of draw a line of your route in.

MM: Okay. Up here and then...even the route to him or just into it?

LM: Yeah. So you've drawn pretty much just up to the level up to the pool on that walkway.

MM: Correct.

LM: That's where essentially he fires that first round. And then you continued southbound. So go ahead and continue the path to where you ultimately end up. Okay. So kind of...I see. Not really following the road. More cutting the corner basically?

MM: Yes.

LM: Okay. And then just to clarify, the only thing I'm a little bit unclear on. You said it surprised you how close he was to you. Is your impression that he came from between these motorhomes? Or did he just make good time coming around them?

MM: I guess in my mind I was thinking that he was gonna come all the way around.

LM: Um hmm.

MM: And when he was closer than...I knew I was gonna see him on the other side, but I thought he was gonna be pretty far.

LM: Right.

MM: But he was so close.

LM: Okay.

MM: So he cut through. That's why now I was saying that when he began walking westbound, I think he walked west and then southbound to cut through here. That's why I lost track of him from that wooden fence. Cause that wooden fence was also right here where the chain link fence is at.

LM: Um hmm.

MM: And when I came to take cover and he's walking this way and then goes that way, I would have lost sight of him from that road. When I was looking through the chain link fence, if he would have walked south or just walked southwest, diagonal, I would have lost him from that wooden, it was like a large wooden fence or some kind of...I can't remember. It was like a brown barrier.

LM: Right.

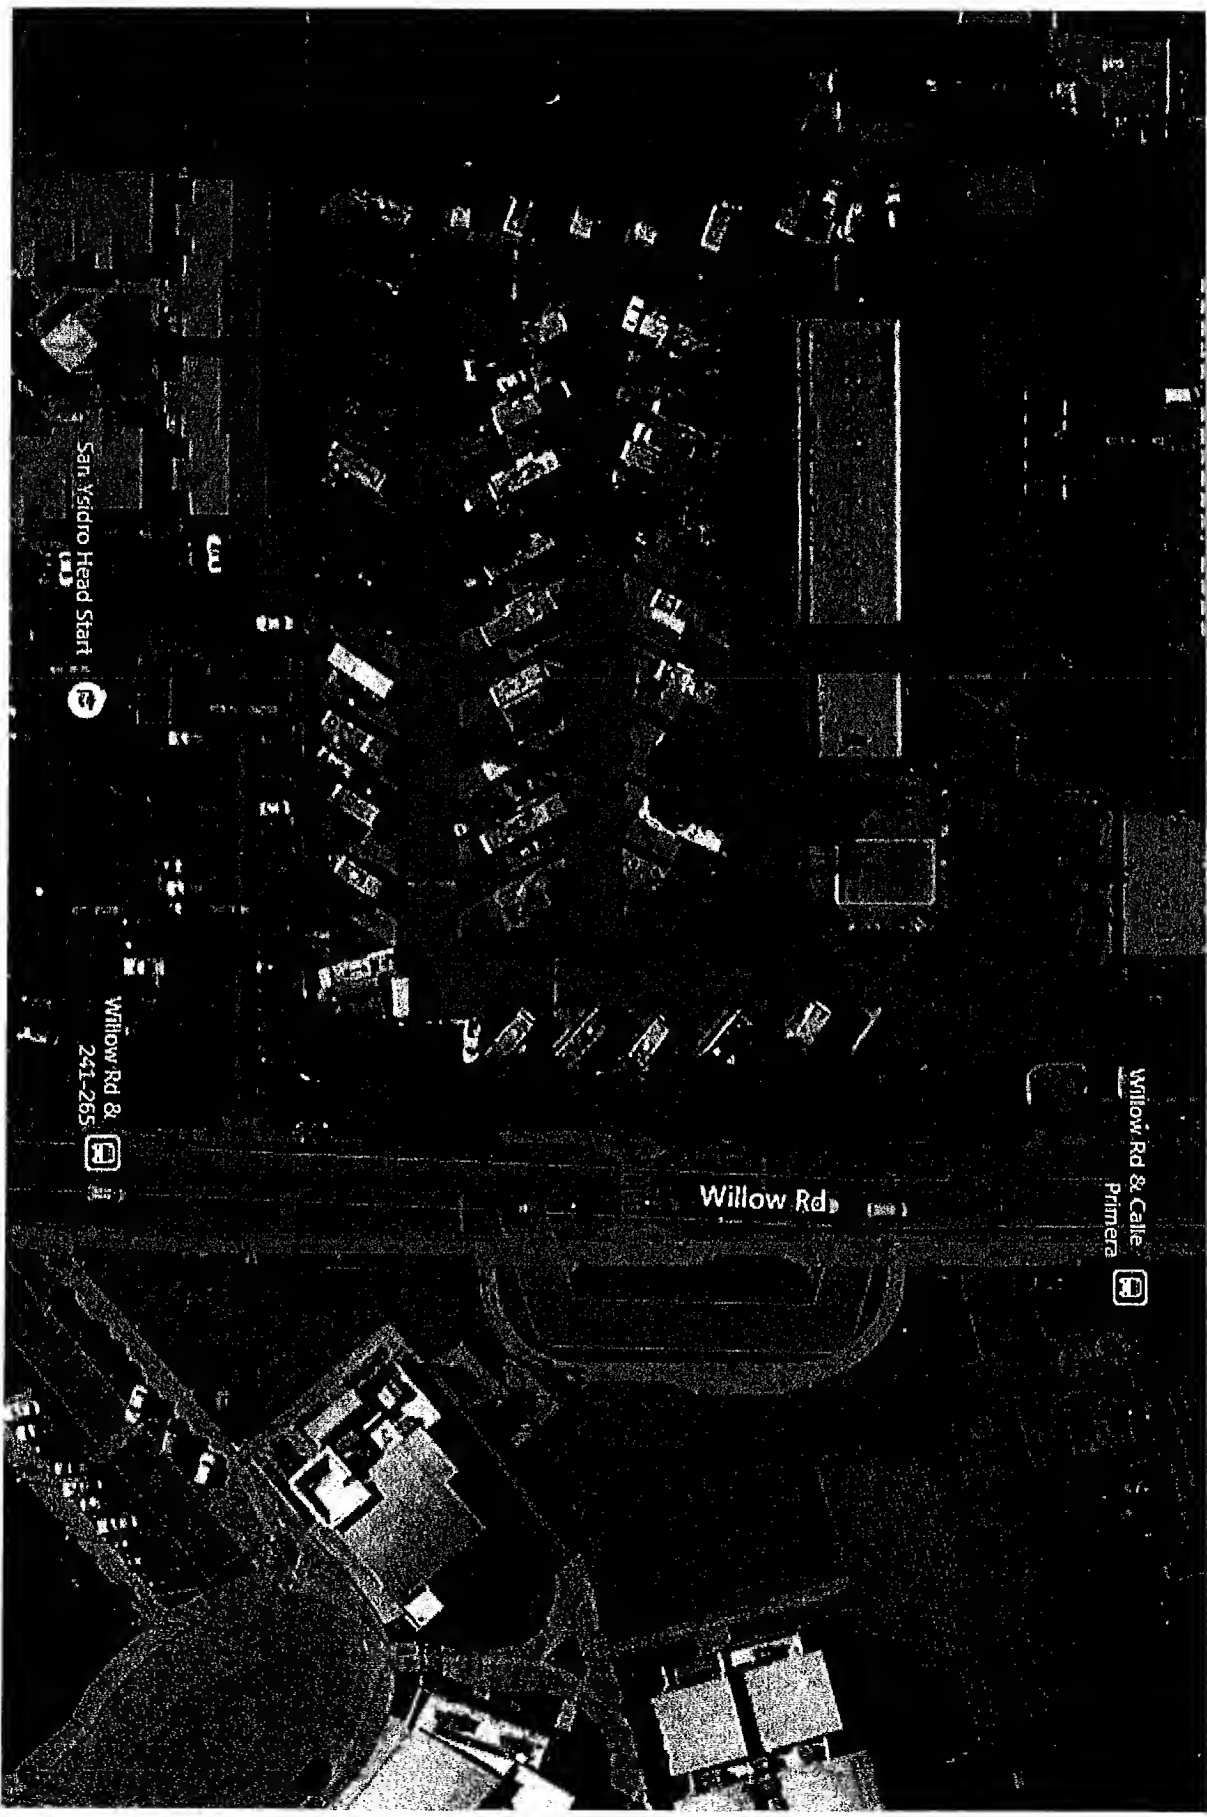

RP: Was that for the pool enclosure or you don't know?

MM: You know I think it's to block people from driving out of this alley. This little side road right here where he was walking on. That's what I think it was meant to do, is to block that.

LM: Okay. All right. I think that's all the questions I have. Let me look at the time. It is 1910 hours.

**OFFICER MARTINEZ WALK THROUGH:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Lt. Matt Dobbs and directed to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I notified other members of Homicide Team V and arrived on scene at approximately 1440 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony Breise #6633. During the briefing I learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso Cervantes, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer Martinez #7591 and Officer Adams #5384 arrived on scene and located Cervantes on the opposite side of a fence in an alleyway to their west. Cervantes was still holding the rifle and fired a round in what Officer Martinez believed was his general direction. Before officers were able to engage Cervantes, he walked away westbound and they briefly lost sight of him. Moments later, Officer Martinez and Officer Adams reacquired a visual of Cervantes in the next alleyway to the south. Officer Martinez ordered Cervantes to drop the rifle. Cervantes did not comply and was ultimately shot. Officers rendered first aid, but Cervantes was pronounced deceased at the scene.

At about 1713 hours, Officer Martinez participated in a walk-through of the scene. The purpose of the walk-through is to assist in the processing of the scene and in this instance was limited to the location of the officer at the time of the shooting, what direction the shots were fired, and how many shots were fired. I recorded the walk-through for clarity and a copy can be reviewed for complete details.

Officer Martinez indicated he was near the rear of a Honda Civic parked near space [REDACTED] and positioned himself about two feet north of the middle of the road. (Det. Jana Beard marked this approximate position with chalk.) He said he fired 3-4 rounds to the west. There were no shots fired in Officer Martinez' direction.

The walk-through concluded at about 1715 hours.

**INTERVIEW OF OFFICER ADAMS:**

**MD:** Matt DOBBS, Lieutenant – SDPD Homicide Unit  
**LM:** Lou MAGGI, Sergeant – SDPD Homicide Unit  
**KA:** Kristen ADAMS, Officer – SDPD Central Patrol, 3rd Watch

LM: Okay. Today is Wednesday, April the 3<sup>rd</sup>. The time is 1751 hours. We are here in Southern Division regarding an officer involved shooting incident that occurred earlier today. Incident number is 19040004518. I'm Sergeant Lou MAGGI, San Diego PD, Homicide Team 5. With me is Lieutenant DOBBS. And if you can state your full name and your ID please.

MD: Matthew DOBBS, ID #5228

LM: And officer, if you can state your full name and ID for me.

KA: Kristen ADAMS, K-R-I-S-T-EN, ADAMS, #5384.

LM: 5384. And you work Southern Division 1<sup>st</sup> Watch?

KA: Correct. Early card.

LM: All right. What was your unit today?

KA: 713J1.

LM: And early card. Does that mean you start at zero...?

KA: At five to fifteen hundred.

LM: Okay, and earlier today I understand you responded to an 11-6 call?

KA: Yes.

LM: On Calle Primera?

KA: Yes.

LM: And I believe it's 190 East Calle Primera? Does that sound right?

KA: It sounds about right.

LM: Okay. When you responded to that call, if you can just walk me through. What the call was. What you did when you got there and everything you saw once you were there.

KA: The call came out I think originally as a 415W weapon that someone was seen walking around the trailer park with a rifle. As I was en route I had, actually I think I had just come into the station because it was towards the end of my shift. Just had a report approved. It came out so I started heading down there. And then they updated that I think either the initial RP or another RP called in and said there were a couple of shots fired by the guy. And that he was going back and forth between some trailers. Putting it down. Picking it up. There was some initial confusion because right next to it or behind it is, I believe they...I think it's a little further away. But they're saying the trailer park. Well there's a mobile home park that's off of Camino Del Plaza and Sipes (Lane). So some people were kind of going there, but they were saying it was next to the Travelodge. And I'm familiar there is a trailer park that kind of shares the same parking lot portion property with the Travelodge. So I went there and parked. I think my vehicle was just as you're going southbound on Willow, across from Willow Elementary. I parked in the red zone right at the entrance driveway to kind of the Travelodge and the trailer park. Again, they're updating that it was a rifle. Someone said it appeared to be an AK-47. Shots had been fired. I got out. Went to the back of my vehicle. Grabbed my ballistic rifle vest. Removed my BWC. Put the vest on and then put the BWC on the exterior and I think at that time...it was recording. I don't remember if it was in the buffer or if it was past what I had started it. But it was recording at that point. I got my Department issued AR-15 out of the case. Chambered a round. And then proceeded I guess onto the property from where I'd parked on the street. As I entered the property, as you take a look at the map, so I parked pretty much in like, if this is the driveway like right before I'd, as I entered the property there were two officers ahead of me. I can't tell you who they were, but they both had rifles. They both had the ballistic rifle vests on. I was going to hook up with them and go with them, until I saw Officer Michael MARTINEZ to my left, near a kind of a dark gray SUV. Maybe a Yukon, Tahoe. Not a Suburban. So I think the one just below that.

LM: Okay.

KA: He was by himself.

LM: Okay.

KA: That's who I was gonna go with because he was by himself.

LM: Gotcha. So let me stop you there for a moment. So we're talking here about a driveway that's pretty much, it looks like it's the Travelodge property right between the trailer park and the hotel proper. Is that right, or..?

KA: Yes.

Investigator's Report  
Interview of Officer ADAMS  
Case #19-011041  
Page 3

LM: Okay.

KA: So and that driveway can access...I mean I would take that driveway to go to the Travelodge.

LM: Uh huh.

KA: Or to the trailer park.

LM: Okay. So right inside the entrance of the driveway to the left is where you'd go into the trailer park and that's roughly where you saw Officer MARTINEZ?

KA: Yeah. There was a wall, a solid wall that you couldn't see through.

LM: Um hmm.

KA: And after I cleared that, that's when I saw Officer MARTINEZ.

LM: Okay.

KA: Which would have been on my left.

LM: Okay.

KA: And then he even...I was headed his way and he's like, I think he said something like, "Hey, ADAMS come with me" or, but that was my intent. As we started heading southish um...

LM: Let me get oriented here so if this would be west, right?

KA: So that, yeah. That would be south towards the top of the page. Yeah.

MD: Why don't you mark the page?

KA: In fact, yeah. Cause I know earlier today we had an incident. We were trying to figure out...

MD: (inaudible @ 5:47)

KA: Yeah. So okay. So I just marked on the map. So we had started heading south on that gray SUV I was talking about. We were going, I think we were starting to go around the SUV at which time "pop", heard a gunshot. Looking through I want to say it was through like the wrought iron fence around the swimming pool, down in this area. I saw a male. Kind of a red shirt. Light colored bottoms. And it appeared, holding a black rifle.

LM: Okay. So as you're hearing this pop, you're kind of pointing on the map between the pool area and maybe the first trailer or first stall is where you were?

KA: So we were at the first stall.

LM: Uh huh.

KA: Closest to Willow and that driveway entrance.

LM: Okay.

KA: And I was looking, I heard the shot and then looked through to see the shooter through like the swimming pool's wrought iron fence looking westbound.

LM: Okay.

KA: So between I believe this is also hotel rooms?

LM: Right.

KA: And then maybe the border between the hotel property and the trailer park itself.

LM: Okay. So I walked this. There's like an alleyway. These are all rooms and this is an wooden fence. So in that alleyway between the hotel and the wooden fence is where you saw the person with the rifle?

KA: I'm gonna...yes.

LM: Okay. And could you tell about where in this alley you saw him?

KA: I want to say it was probably about, I mean if you used that hotel room, going westbound. I would say maybe just past halfway point of that building. So maybe three quarters of the way down the length of it. Maybe in this area.

LM: Okay. And was it the middle of the alley? Towards the fence? Towards the hotel?

KA: I would say my initial impression is like he was in the middle.

LM: Okay.

KA: But with the angle in the fence and everything I'd, 100 percent, I'm not gonna say.

LM: No worries.

KA: But it appeared that he was I mean he was in clear sight minus the, you know, some of the fencing and stuff.

LM: And you heard one pop and then how long until you saw him?

KA: A second. Two seconds.

LM: Okay.

KA: Cause we kind of or, you know, heard the shot. Kind of hunkered down. (inaudible @ 8:17) were going, the side of that SUV. Went around to look up and I want to say there was a wooden fence that then blocked our view and he was gone.

LM: Okay.

KA: Then Officer MARTINEZ and I, I'd guess it would be the first row of trailers just to the south of the hotel property. MARTINEZ was on my left. We came up around that first trailer. He was on my left. We were approaching I guess the first, second trailer. There was a car parked I guess in the driveway of that space. Mike was out more into the roadway between the trailers. He yelled, "Drop the weapon!" I believe he said the word weapon versus rifle/gun, but "Drop the weapon." I could see the male down again probably right around the second, between the second trailers to the end of that roadway.

LM: Okay.

KA: Standing there with a rifle. MARTINEZ yells, you know, "Drop the weapon!" He starts to turn. MARTINEZ, "pop, pop, pop, pop." The first two shots, you know, I'm looking at the guy. He's still standing there. And okay. I don't know if he missed. I don't know if he got hit. But he was still standing.

LM: Um hmm.

KA: With a gun. Holding the gun. MARTINEZ fired two more shots at which time I saw him drop to the ground.

LM: Okay. You described, "pop, pop, pop, pop" so very brief period of time the first two shots go off. You don't see the man with the rifle react? Don't know if they were hits or misses?

KA: Correct.

LM: Two more shots. Pretty much rapid succession?

KA: Yes.

LM: And then he dropped?

KA: Correct.

LM: Okay.

KA: And then MARTINEZ and I moved up. I mean getting back to the, I guess that shooting part. I want to say after that first shot I see him still up. I was thinking of I was getting ready to shoot. Two things that I factored into why I didn't. One, there was a car that was kind of blocking my view. Granted my height, I could have shot over it. But the bigger factor than that is Officer MARTINEZ was just a little bit ahead of me. So looking down my rifle, I'm seeing Officer MARTINEZ and my thought is if that person were to come down and MARTINEZ were to seek cover at that car, it would have been in front of my rifle. While that's going on, I think that was about the second shot. Then he did the two additional shots and the guy went down. At which time we ended up shoulder to shoulder. Started going up, approaching him. I kept my rifle on the male who was now on the ground. Kind of laying on his right side. The rifle was still it was maybe a foot, a foot and a half. I believe my BWC kind of gives an idea of his position on the ground where the rifle was. MARTINEZ kicked it away. Came back and started to put him on his back to administer first aid.

LM: Okay.

KA: So...

LM: Let's talk about the moment where the suspect presents himself to you for the second time.

KA: Okay.

LM: And just for the recording sake, we're talking about the alley between the northernmost row of trailers and the second, I guess it would be the middle row. You guys are basically at the east end of that alley. The suspect is primarily like the western end of the alley is what you're indicating?

KA: Yes.

LM: Okay. From that moment when he first presents himself to you, prior to the shots, describe that for me as vividly as you can. Everything that you see. Describe what you see. The suspect. His actions. Any word you heard. Everything you can about that moment.

KA: From him. No words. Again we first saw him in that alley by the hotel for the first shot.

LM: Um hmm.

KA: And then he disappeared. When we rounded to go into that roadway or as you call it an alley.

LM: Um hmm.

KA: Between that, the northern or the first row of trailers and the middle row, we rounded... um, you know, looking down again. I think he was the west end, second trailer from the end. But I just remembered seeing him in red. I want to say like the tan color or light colored bottoms. And that black rifle looking object that he was pointing. I want to say at that point he was facing, it was more of a side profile.

LM: Okay.

KA: When MARTINEZ yelled "Drop the weapon!" it looked like he was turning towards us. Yeah, again thinking like I said, you know, I was close to shooting. He had already shot once in our presence. We had multiple callers saying that they heard several two to three shots. Someone else, you know, a few more shots. How many in total he had, I don't know. But with that, what we were told over the radio, and what we saw, you know, he's turning towards us. He's already been shooting. Yeah. And the next thing is, is he going to lower it and shoot our way. I think, and we were fortunate that we've got the rifles. Because I think in this situation the handgun would not have, it would not have worked. I mean it would have put more people in danger, both the residents as well as the officers on there. He yelled, you know, again, "Drop the weapon." I heard nothing from the male. Those first two shots didn't appear that it affected him. Hit him. I don't know. And then it was the next two shots where even after that last shot it seemed like there was a delay before he went down.

LM: Okay.

KA: But I mean the fraction of second, but still it, you know, it was maybe standing up from habit and then finally gravity took over.

LM: Okay. And your recollection was it was a side profile. Do you recall if he was facing north? Or, I'm sorry, south or north?

KA: Definitely I cannot say.

LM: Okay. But then he pivoted towards you. You don't recall seeing the gun come down, but he did turn in your direction?

KA: Um hmm.

LM: Rifle was in the air?

KA: Yeah. I want to say based on the pivot part of it, I want to say he was facing south.

LM: Okay.

KA: And then pivoted counter clockwise towards us.

LM: Okay. All right. I think I got a pretty clear picture. Matt?

MD: Yeah. You say when Officer MARTINEZ gave him the direction to drop the weapon. So he's facing southbound at the time. So you guys are looking at his left shoulder?

KA: Um hmm.

MD: Initially again, the rifle's pointed up?

KA: Um hmm. Yes.

MD: And you move clockwise?

KA: Counter. Counter clockwise.

MD: Or counterclockwise to his left. So he would be facing you?

KA: Correct.

MD: So he didn't hear Officer MARTINEZ give him a command to drop the weapon and he didn't try to flee?

KA: No.

MD: He was turning towards you (inaudible @ 16:30)

KA: From when I first saw him, we had a side profile. MARTINEZ yelled "Drop the weapon", and that's when I saw him turning towards us with the rifle.

MD: Why do you think he was turning towards you?

KA: Either to shoot or be shot.

MD: When you first saw him after the initial shot was fired, were you put him between the fence of the trailer park and the hotel. Do you think he saw you as you approached?

KA: It's possible cause I could see him. I think at that point I don't remember if ABLE was overhead. But there were a number of officers there. You know, it was, I think you can definitely tell there was activity going on. And my thought would be, you're this person with a rifle. You're shooting some off to get the cops there. You notice the increase in activity. So, you know, my thought is, you know, that first shot kind of in that empty area was to get our attention. And then he ran into an area where he had more of the advantage hiding behind parked cars, as well as the trailers in the park. You know the tactical advantage. He's more familiar with it than we are. He knows where to hide or under.

MD: Was there any prompt that you are aware of that would have made him run other than your presence? Did you hear anyone giving him commands at that point that would have prompted him to run and seek cover, or any other?

KA: Like conflicting commands? The only thing that I heard was...

MD: Not necessarily conflicting, but did anyone give him commands after that initial round was fired when he went running around the corners or distracting?

KA: I did not hear any from my point. Cause pretty much we were on opposite sides of the park.

MD: Kind of what I'm getting at is...

KA: I don't...

MD: There's nothing that you're aware of that would have prompted him to run?

KA: No. I don't remember anyone saying like "Stop, police!", because he was walking away from an officer. It was we were on scene. MARTINEZ saw him, "Drop the weapon." He turned towards us and the shots was fired. So to me there was nothing that I heard that would have said, "Hey. Stop, police. I need to talk to you." There was nothing of that nature. It was we were on scene. Saw him, "Drop the weapon."

MD: You mention that when you were in a position slightly behind and to the side of Officer MARTINEZ, and you had the male in your sight as well, you elected not to fire because you thought that Officer MARTINEZ might seek cover that would put him in your line of fire?

KA: Because in front of me was I want to say like a hatchback type...the back end of a sedan.

MD: Okay.

KA: I could see over it. I could see the male. I had sights on him. When he started turning, MARTINEZ fired the first shot. The second shot. The guy wasn't going down. Wasn't responding to those shots. If he, if the male had started shooting our direction, the closest cover for MARTINEZ would have been to his right, across my line of sight, and behind the vehicle.

MD: Okay. So the danger to Officer MARTINEZ was one factor that you took into account to not shoot?

KA: Yes.

MD: But you said earlier that you were preparing to shoot?

KA: Yes.

MD: Can you walk me through that mindset? The mental evaluation of the scenario that leads you to believe that you should probably be shooting in this scenario were it not for the thought of being a danger to Officer MARTINEZ?

KA: If MARTINEZ was behind me, not in my line of sight, maybe on the other side of that alleyway/roadway, and cover for him would have been to his left versus to his right and across my path. When he yelled, "Drop the weapon", you know I'm looking at this black object that I just heard. You know, the same object that he was holding an isle over with a gunshot. In addition to all the information that we had before going there that hey, someone is shooting an AK-47 style rifle. Shots before we got there. Shots in our presence. "Drop the weapon". He starts turning. He's already shot four to five, six rounds. It's a rifle not a pistol. He could reach out and touch someone. When he starts turning towards us, my thought is okay, he's eventually gonna try and shoot in my direction. This threat needs to be stopped. Not only for my safety of being in, you know, fear of being shot, but behind us we also have mobile homes and parks. And uh...

MD: School.

KA: And school. You know I know what our training is with the rifle. We've got, you know, the scope on it. The sight on it. Don't know what he has. How accurate he's gonna be. So not only am I afraid that I may get shot. MARTINEZ may get shot. The people behind in the mobile homes maybe get shot. The rifle rounds travel greater distance than the handgun. And you've got an elementary school behind in his field of fire.

MD: From what you saw of the weapon and what you heard on the radio, did you know, could you tell what kind of weapon it was?

KA: Could I tell if it was an AR-15? M-16? AK-47? No. But from what, it didn't look it. From my distance, from what I could see, it didn't look like...the way it was held, it didn't look like a shotgun. This looked like it had more of a pistol grip similar to my Department issued AR-15. The sound of it was more of like a sound that my time in the Army with, and at the range with the AR-15s, it was more of the assault rifle style. Pop, bang, whatever you want to call it.

MD: Do you know if your body armor would protect you against a high powered rifle?

KA: While driving up there, and as I'm sitting now, no. It would go right through me.

MD: Did you put your plate carrier on?

KA: Yes. And that is...

MD: How much does your plate carrier cover?

KA: Not as much as I would ideally like it. Even though I'm thankful that I have it, I wish it was, even though it's already heavy, I wish it was bigger, wider, taller. Because it doesn't cover enough. My fear is, okay even if he hits me with the plate carrier on, I am still exposed neck, below the naval, arms, shoulders. the rib cage area. And being with that type of bullet and an assault rifle. Yeah. It, even if it were to hit the side or the very edge of that plate carrier, it's still traveling faster than I can run. The momentum and stuff. It's gonna hit soft tissue.

MD: With your experience with assault rifle rounds. Things like that from the military and the training received with the police department, is a motorhome or an RV adequate cover to stop those rounds?

KA: No. If anything an engine of a vehicle.

MD: Okay. So even the vehicle that you guys were behind, it would have been the engine block that would have been able to stop that round that passed?

KA: Yes.

MD: Okay. When you first saw him and heard the round go off, could you tell which direction the round was being fired?

KA: That first round?

MD: When he was in the, between the...

KA: Hotel?

MD: hotel and the fence?

KA: It appeared that he had it pointed up.

MD: Okay. That's all I got.

LM: Okay. On this map if you can do me a favor, draw an "X" where you were standing when these shots were fired. That's kind of a thin point isn't it?

KA: Um hmm.

LM: Here's a thicker one. Draw an "X" where you were. Draw an "O" where your partner was.

KA: This is not to scale by the way.

LM: Right. (Laughs).

KA: Okay. I want to say it was the second space.

LM: Okay.

KA: And I think the, I'm pretty it was the second one in. And there was a car kind of parked in that driveway area.

LM: Okay.

KA: And we may not have been that far out. It might have been over, more to the north. Closer, a little closer to the homes.

LM: Okay. And if you could put a triangle best you can recollect where the subject with the rifle was. And then lastly just a rectangle where you parked.

KA: Rectangle square?

LM: Sure. Rectangle is more a shape of a car.

MD: Two longer sides.

LM: (Laughs). Here's a rectangle. (Laughs).

KA: There you go.

MD: You didn't know that geometry was gonna come in handy did you?

LM: (Laughs).

KA: You know I'm trying to learn Common Core second grade math and I'm...

LM: Good luck with that.

KA: Two plus three is five, but blocks and lines...

?: But (inaudible 27:00)

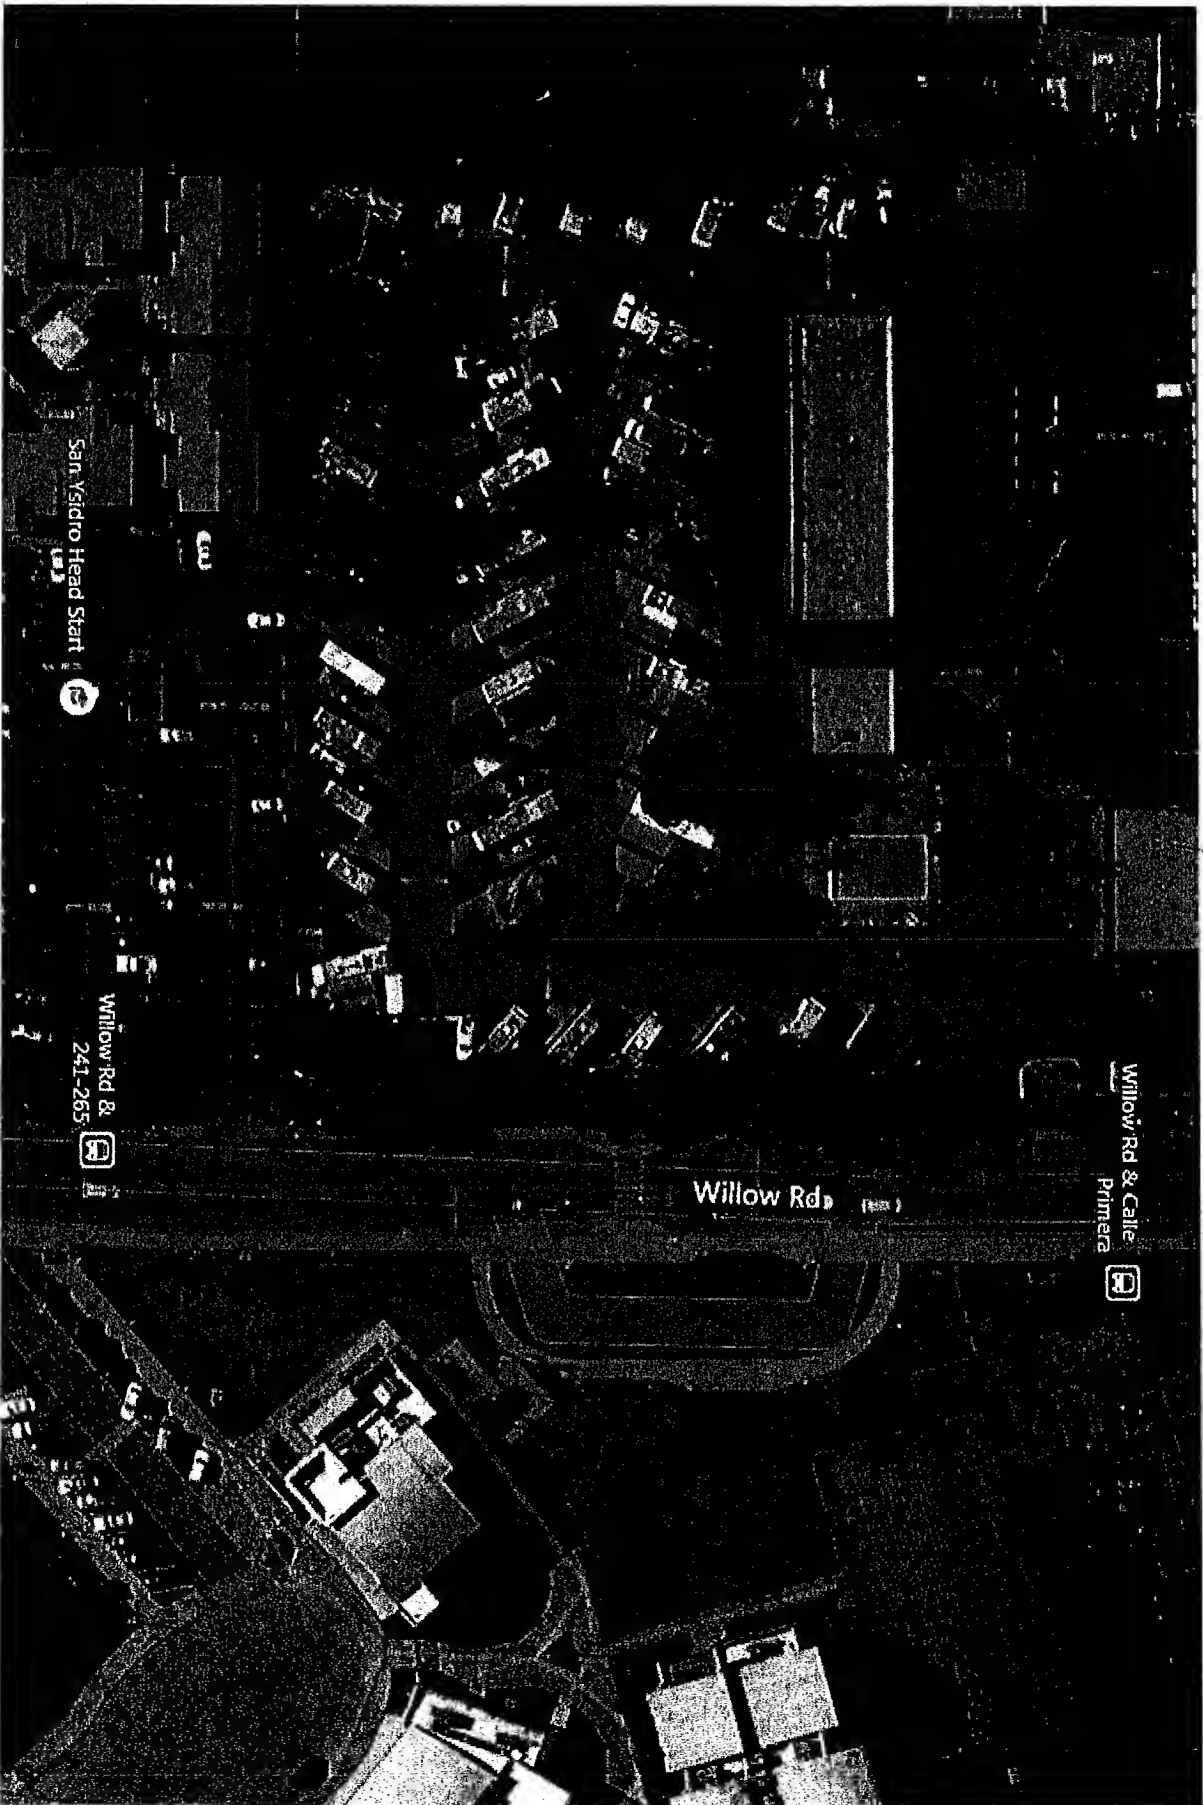

KA: Oh man. Can you see it?

LM: Okay. So the driveway's here. There and there. Okay. Cool. You just want to sign down on the bottom for me. (Officer signs his name). Officer ADAMS, thank you very much for your time.

KA: Thank you.

LM: The time is 1819 hours.

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1435 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believed was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

On April 11, 2019, I asked the gun desk to conduct a trace on CERVANTES' recovered rifle. I received the trace results on April 17, 2019 (attached).

Per the trace, the original purchaser of the gun was listed as [REDACTED] I called and spoke with [REDACTED] who essentially told me he sold the gun to his [REDACTED] years ago and when he recently asked his [REDACTED] about the gun his [REDACTED] did not recall the transaction (refer to [REDACTED] report for complete details).

On April 18, 2019 at about 1300 hours, Sgt. MAGGI and I went to [REDACTED] home to speak with him. [REDACTED] opened the door and appeared disheveled. I identified myself and explained the purpose of our visit. [REDACTED] told me he had spoken with his [REDACTED] and did not remember receiving any guns from him. [REDACTED] reluctantly invited us inside, essentially stating his house was a mess. Upon entry it was clear [REDACTED] was a hoarder as there was not a single surface in the home free from trash or clutter.

We spoke briefly in the kitchen area. [REDACTED] essentially told us he was close to his [REDACTED] and if his [REDACTED] said he gave (sold) him the guns then he probably did but he did not remember the event. [REDACTED] said he has been in poor health and his memory was good but not great. I asked [REDACTED] if the gun could have been removed from his home without his knowledge. [REDACTED] said he did not think so but recalled years ago finding one of his handguns in the backpack of a family friend [REDACTED] who had lived with him. [REDACTED] said [REDACTED] died several years ago so he could not ask him about anything.

My conversation with [REDACTED] lasted about ten minutes and was not digitally recorded.

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1435 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

At approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

After the briefing, I was directed by Sergeant Maggi to make contact with three witnesses, [REDACTED] near the Travelodge entrance. The witnesses were standing by with Officer Carlos Lacarra #5113. Officer Lacarra informed me there was an

additional witness named [REDACTED] who saw the suspect as well. I interviewed all four witnesses individually, one at a time, inside one of the empty hotel rooms.

At approximately 1757 hours, I interviewed [REDACTED] informed me that his [REDACTED] was also a witness but preferred not to be interviewed and he would speak on her behalf. I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is his statements and answers to my questions:

**STATEMENT OF [REDACTED] (WITNESS):**

*This morning at 10:00am, my [REDACTED] and I went downtown to drop off some paperwork, and then grabbed some donuts from the Donut Bar. At about 11:30am, we dropped off some donuts to her [REDACTED] and then went to grab gas at the Shell gas station. Afterwards we drove to San Ysidro and pulled up to our driveway around 1:30 pm. I had to get ready for work because I work from [REDACTED]*

*As [REDACTED] and I were driving into the trailer park approaching the end of the street (south) to turn west and we saw our [REDACTED] standing by the trashcan which is on the southeast side of the trailer park. I saw another male, who was the suspect, was wearing a faded red tank top, green flannel pants, about 5'4", heavy set, standing near [REDACTED] and the suspect looked like they were talking to each other. [REDACTED] hands were out and his body language looked like he was asking the guy "what's up?" as he had his palms up in the air. I then saw him motion his palms down like he was telling the suspect to calm down. I saw this maybe 50' away when I saw the two of them facing each other.*

*I then saw the suspect walk over to where the white Volkswagen bug is parked on the southeast corner of the trailer park and he had this catatonic stare towards the fence with his arms down. He was holding something long; I thought it was a dark black stick. He then became restless and was pacing around back and forth.*

*I couldn't hear what [REDACTED] and the suspect were saying but I could tell by their body language that something was going on. There was tension there. As I was in my vehicle driving around the corner, [REDACTED] and the suspect both made eye contact with us. At the same time, [REDACTED] said to me, "Hey did you see what he has in his right hand? He's got a gun or a rifle or something. Yeah, the guy standing with [REDACTED] has a long rifle." [REDACTED] is very observant. As I was driving away, I looked at the rear view mirror and I saw the suspect still staring at the fence and shaking his arms and waving the rifle around as [REDACTED] was trying to talk to him. He still had the catatonic stare. I drove into my driveway [REDACTED] I parked as usual. My engine was still on, [REDACTED] and I were changing. [REDACTED] kept saying he's got a gun.*

*When we got to the driveway, [REDACTED] ran out of the trailer and came up to us telling us to get into the house because there was a crazy guy shooting randomly at anything and anybody. My [REDACTED] was telling me let's get the hell out of here. [REDACTED] ran back into the*

house. She was inside the house with [REDACTED]

[REDACTED] had contact with the suspect prior to [REDACTED] and I getting home, but I didn't know this until later. [REDACTED] later told me that when she heard the shots, she came out of the trailer and bumped into the suspect. She told me he was holding a gun. [REDACTED] said she froze when she bumped into him, and the suspect mumbled something to her. I'm not sure what he said to her. [REDACTED] said she thinks the suspect didn't shoot her because maybe he thought she was [REDACTED] because [REDACTED]. She said they all barricaded themselves in the trailer. That's when I was driving back home. [REDACTED] and I didn't see any kids playing on the street or anyone out. We thought it was weird because normally there is activity outside.

I looked in the rearview mirror to see what was going on, and [REDACTED] told me "Go, go!" He was looking at us in the car and holding the rifle. The suspect started walking towards our direction continued to look at us. He was about 150' away and was swinging the rifle in his arm and it was pointing it at the ground. He was walking really fast and I took off in my car. When I looked in the mirror again, the suspect had one hand on the rifle pointed at us while we were driving away. When this happened we were at the southwest corner about to head north out of the trailer park. We ended up by the front entrance of the Travelodge (north end). We got inside the office and when we got there, everyone was already at the office afraid of this guy. They were panicked. I called 9-11 from the Travelodge office because I didn't have reception. I gave a description to the dispatcher and the police got there really quick. We were warning everyone to get back inside because they were going to get shot.

While at Travelodge I heard one shot go off and the [REDACTED] told me that the suspect pointed the rifle at them. I think he shot at them. The officers were on scene when the first shot went off and when they heard the shot they began walking up there with their guns drawn. I think I heard a second shot it may have been the suspect's and that's when I heard "Pow, pow, pow". I heard 5 gun shots.

There was a 30-40 second pause in between the first and second shot. Between the second shot and the officers' shot, it was no more than 10 seconds. I saw maybe 5-6 officers and almost all 5 of them were holding rifles. They walked towards the trailer lot and then I lost them because they turned the corner towards southwest. I then heard the shots.

[REDACTED] told me the suspect was a nice guy and that he was a jokester. So [REDACTED] never expected him to have a real gun. I spoke to the [REDACTED] today when this happened. I don't know her name. I went up to her and gave her my condolences. She told me a couple of hours ago that her [REDACTED] has had drug problems in the past and was emotionally unstable. Since I work in a [REDACTED] I asked her if he tried to get help or if he was taking medication. She told me he was not on medication. She said in the past, he would take off and get lost for a few days and she wouldn't know where he would go to. She also told me on Saturday morning her [REDACTED] disappeared for a few days and then showed up back at home today early in the morning out of nowhere. She said when he came home he was very paranoid and suspicious. She told me her [REDACTED] didn't recognize her and asked her, "Who are you? What are you doing here?" She also mentioned to

*me that when he came home he had dirt and scrapes all over him and he started looking out windows and shaking doors believing people were after him. At one point she said her [REDACTED] asked her "Who are you?" She said she told him, "I'm [REDACTED] And he told her "No you're not". She told me she doesn't know how he got access to a gun and they don't keep guns in the house.*

*It could have been one of us. He needed to be neutralized because he could have killed my [REDACTED] or an innocent person.*

This concluded my interview with [REDACTED]

## Case Scenario:

On April 3rd 2019 at approximately 1333 hours, SDPD Officers responded to a radio call of Alfonso Cervantes discharging a firearm at 190 East Calle Primera. Officers arrived on scene and saw Cervantes fire his AK style rifle on the south side of the Travel Lodge, on a road that separates the trailer park and motel. Officer Martinez #7591 confronted Cervantes who didn't comply with commands. Cervantes was ultimately shot and was pronounced deceased at the scene. Officer Martinez approached Cervantes, dislodged the magazine, and cleared a round from Cervantes' rifle. On April 4th, Sergeant Maggi collected a casing from the scene that appeared to be fired from Cervantes' rifle.

## SAN DIEGO POLICE DEPARTMENT FORENSIC BIOLOGY UNIT REPORT APPENDIX v4-30-2019

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

### EVIDENCE EXAMINED/RESULTS

Chain of custody information for all tested items is available through the department evidence tracking system (i.e., Evidence-on-Q).

#### Differential Extraction

- separates samples into two fractions: a *sperm fraction* (contains DNA from sperm cells) and a *non-sperm fraction* (contains DNA from non-sperm cells)

#### Discontinued Samples

Analysis of evidence may be stopped and not "typed for DNA" for one of the following reasons:

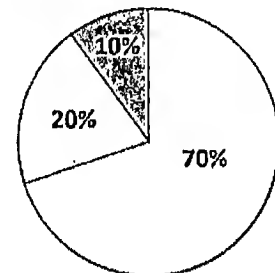

- The amount of DNA recovered is too low and the sample is unlikely to provide informative results
- An insufficient amount of male DNA is detected, or no sperm cells are observed (case scenario dependent)
- A similar sample is being processed and it was deemed redundant
- The requestor determined the work is no longer needed
- Possible blood or semen stain presumptively test negative for that fluid

### INTERPRETATIONS/CONCLUSIONS

Conclusions within the DNA report do NOT address *when or how* the DNA came to be on the item.

DNA mixtures occur when more than one person's DNA is detected in a sample. Within a mixture, how much DNA each person is contributing can be *estimated*. This estimate is reported as a ratio (e.g., 70:20:10).

In the example to the right (3 person mixture), the "20% contributor" represents 20% of the total amount of DNA detected on the item.

Likelihood ratios (LRs) are calculations used to evaluate the DNA results from the evidence under two different scenarios:

- The probability of obtaining the DNA results if the person of interest is a contributor.
- The probability of obtaining the DNA results if the person of interest is NOT a contributor.

For example, in the 3-person mixture from above, if a reference sample from John Doe was submitted for comparison to the DNA results from the evidence, the likelihood ratio could evaluate:

$$LR = \frac{\text{Probability of the evidence if John Doe and two unknown people were contributors (scenario 1)}}{\text{Probability of the evidence if three unknown people were contributors (scenario 2)}}$$

This appendix is designed to provide additional information regarding the attached report and can be used as a quick reference guide.

The meaning of the LR value is described in the report with one of the following terms:

*For example, in the 3-person mixture from above, if there is support for John Doe's inclusion, the report will provide an estimate of his percent contribution to the mixture. (e.g., John Doe (20%))*

Likelihood ratio values are commonly reported in scientific notation. The following table is a list of common scientific notations and their meaning.

Source: <https://cs.uwaterloo.ca/~alopez-o/math-faq/node54.html>

All *eligible* profiles will be searched in CODIS to the fullest extent possible (e.g., local, state, or national). DNA profiles entered into the CODIS databases typically remain in the database indefinitely and are searched weekly. A notification will be issued if there is a hit in the database.

Case Scenario:

On April 3rd 2019 at approximately 1333 hours, SDPD Officers responded to a radio call of Alfonso Cervantes discharging a firearm at 190 East Calle Primera. Officers arrived on scene and saw Cervantes fire his AK style rifle on the south side of the Travel Lodge, on a road that separates the trailer park and motel. Officer Martinez #7591 confronted Cervantes who didn't comply with commands. Cervantes was ultimately shot and was pronounced deceased at the scene. Officer Martinez approached Cervantes, dislodged the magazine, and cleared a round from Cervantes' rifle. On April 4th, Sergeant Maggi collected a casing from the scene that appeared to be fired from Cervantes' rifle.

**SAN DIEGO POLICE DEPARTMENT  
INVESTIGATOR'S REPORT**

**DATE (occurrence):** April 3<sup>rd</sup>, 2019 (Wednesday)  
**TIME (occurrence):** 1333 Hours  
**LOCATION:** 190 East Calle Primera, San Diego, CA  
**SUBJECT:** OIS – SDPD Case #19-011041  
Event #19040004518  
Officer : MARTINEZ, Michael  
Suspect: CERVANTES, Alfonso, H/M (50) DOB: 03/17/1969

---

**SUBJECT INTERVIEWED:**

(Original purchaser of suspect's rifle).

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1435 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believed was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

On April 11, 2019, I asked the gun desk to conduct a trace on CERVANTES' recovered rifle. I received the trace results on April 17, 2019 (attached).

Per the trace, the original purchaser of the gun was listed as [REDACTED] I conducted various computer inquiries on [REDACTED] and did not locate anything out of the ordinary. Sgt. MAGGI conducted an additional inquiry (TLO) and obtained a list of possible phone numbers for [REDACTED] At about 1515 hours, I called the primary number listed [REDACTED] I spoke with [REDACTED] and identified myself and the purpose of my call. [REDACTED] was very cooperative and essentially told me the following:

Investigator's Report

Witness: [REDACTED]

Case #19-011041

Page 2

Yes I remember that gun. I had two guns, an AR and the Bulgarian Mac 90, which is an AK style rifle. About 20 years ago, shortly after I bought them, I was low on cash. I sold both guns to my [REDACTED] for 700 each. I always planned on getting them back.

A couple of years ago I asked my [REDACTED] about the guns and he just looked at me. He said he didn't recall receiving the guns from me or paying me for the gun. I told my [REDACTED] about it and we just agreed it was really weird.

My [REDACTED] had a [REDACTED] who I know at one time was interested in AR's. [REDACTED] committed suicide several years ago, but he had a [REDACTED] who is in the military. Who knows maybe [REDACTED] had my gun and now his [REDACTED] does, I don't know.

My [REDACTED] is losing his memory. He is [REDACTED] Oh and 20 or so years ago, a [REDACTED] lived with my [REDACTED] got into a lot of trouble, he even got busted for taking [REDACTED] guns to school. [REDACTED] was in high school at the time, I don't know the details, but I remember that [REDACTED] was a bad kid with drugs and stuff. He could have taken the guns. Unfortunately he killed himself about ten years ago.

My best guess on the guns going missing would be [REDACTED] I will call my [REDACTED] and get [REDACTED] name if that helps. I will also call my [REDACTED] for you and put you two in touch. He lives in [REDACTED] Maybe you can jog his memory.

(Over the years have you visited your [REDACTED] and ever asked about the guns?) Yes I have visited, but no I never asked to see the guns. [REDACTED] is a hoarder and I have OCD so if I went to visit, I would wait in the driveway for him and [REDACTED] to come out and then we would go for a visit. My [REDACTED] died recently and I was down in [REDACTED] but I did not ask about the guns. I asked a few years ago and [REDACTED] said he did not know what I was talking about, but I told you that. Maybe he will have a better memory with you.

I concluded the call with [REDACTED] after about 15 minutes. Shortly after hanging up [REDACTED] called me back and said he called his [REDACTED] who provided [REDACTED] last name, [REDACTED] said his [REDACTED] thought [REDACTED] overdosed sometime between 2002 and 2005 because he [REDACTED] was deployed to Afghanistan when he heard the news.

I provided [REDACTED] with CERVANTES' name. [REDACTED] said he did not know him.

I thanked [REDACTED] for the information and concluded the call. My conversations(s) with [REDACTED] were not digitally recorded.

**STATEMENT OF [REDACTED]**

I live in space [REDACTED] and I am a [REDACTED] is on the east side of property by the entrance. I don't know much about what happened. I only saw him once today.

Today, around noon, Alfonso (suspect) walked close to space [REDACTED]. Alfonso said someone was following him, but I did not see anyone else there. Alfonso did not have any weapons with him when I saw him. Alfonso was walking around for about 15 minutes before he [REDACTED]

Alfonso grabbed something large from his place. Alfonso was holding something to his right side, but I could not see what it was. I have bad eyes, so I could not see what Alfonso was holding. Other people saw it and I thought it might be a toy.

[REDACTED] drove by in their car and said Alfonso had a real gun. [REDACTED] either space [REDACTED] I was standing in space [REDACTED] when [REDACTED] drove by. I thought Alfonso had a toy gun and I did not think it was real.

Alfonso went back to space [REDACTED] and I went to the office at the hotel. I did not see Alfonso again after I left to go to the hotel. I saw officers later and they told me stay over at the hotel.

I know Alfonso very well, and I see him every day at the property. I have known Alfonso for the last eight or nine years. Before today, I had not seen Alfonso for the past five days. I did not notice anything different about Alfonso today other than he did not look very good. Alfonso did not look very good, because he was talking about people following him that were not there. I have never seen Alfonso with any weapons before.

After I spoke to police officers I was waiting by the hotel, because police had blocked off the RV Park. While I was waiting outside, I heard [REDACTED] tell the news that she saw everything that had happened. [REDACTED]

This concluded my interview with [REDACTED]. For further details, see the audio recording.

Investigator's Report

Witness: [REDACTED]

Case #19-011041

Page 2

At approximately 1707 hours, I interviewed [REDACTED] who has been [REDACTED] at the trailer park for approximately five years. It should be noted that [REDACTED] is a Spanish speaker and Officer Carlos Lacarra #5113 assisted me with translation. I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is his statements and answers to my questions:

**STATEMENT OF [REDACTED] (WITNESS):**

*I have never had any issues with anyone from the trailer park. [REDACTED] He has a [REDACTED] and I don't know how [REDACTED] he has. I never heard anything good or bad about the suspect. I go to [REDACTED] at [REDACTED] and come home [REDACTED]. Today I went to [REDACTED] at [REDACTED] and came home at [REDACTED] in the afternoon. I came [REDACTED] and I asked my [REDACTED] what she made to eat. I was inside looking into the refrigerator when I heard 2 gunshot noises. It sounded like a shotgun to me.*

*I went outside and I saw the suspect pacing back and forth holding a weapon to his side. I recognized him as [REDACTED]. He was a Hispanic male in his 50s, 5'6", and fat wearing a red t-shirt and pants. He had a black rifle in his hand and it was pointing down. At some point he lifted the rifle and pointed it eastbound towards Willow Road. I was watching him for 2-3 minutes from my trailer. He was about 20' away from me just pacing back and forth. I did not see anyone else outside except [REDACTED] looked like he was looking at his cars in space [REDACTED]. [REDACTED] was maybe 5-6 trailers away from the suspect.*

*When I saw the suspect while I was outside, he said something to the effect that he had an agreement with [REDACTED]. At that point I knew he was not right in the head. I didn't say anything back to him. He looked upset and I went back inside my place and shut the door. The suspect never pointed the rifle at me.*

*Afterwards, I went into my car and I drove over to where [REDACTED] was and asked him, "What's up with that guy?" [REDACTED] didn't say anything. He was unaware that the suspect had a gun. [REDACTED] looked over to the suspect and noticed he had a rifle. [REDACTED] didn't want to do anything when he saw it and did not talk to him. [REDACTED] and I both just thought he was having problems with [REDACTED] because he shot two rounds off. [REDACTED] didn't want to say anything so he went to the office and told the [REDACTED] that there was a suspect shooting rounds.*

*I went to the sidewalk and saw police officers so I directed them to the suspect. The police told me to stay away and went into the trailer park area with firearms. They headed westbound through the entrance. I heard 4-5 shots about two to three minutes from their arrival. [REDACTED] and I went up the stairs to the hotel building and I saw the suspect was lying on his back. Officers were pushing on his chest trying to revive him. The suspect was about 5-6' away from the rifle.*

This concluded my interview with [REDACTED]

Page 2

I recorded the conversation for clarity and a copy can be reviewed for complete details. This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED]. The following, paraphrased, is her statement and answers to my questions:

STATEMENT OF [REDACTED]

I was taking a nap and my [REDACTED] were taking care of the [REDACTED] when I heard two consecutive gun shots. I was in the back and it sounded like it came from that side (pointing towards the east).

I was going to go back to sleep, but I heard my [REDACTED] say something was happening. I went out there (living room of trailer) and my [REDACTED] said a man was out there shooting. She [REDACTED] ran outside and I told her to get back inside. I kept telling her to get back inside. When she finally came inside she called the police. She went back outside and started to describe the male. I went outside and ran after her. I asked her what she was doing and she was describing what the male looked like while speaking on the phone with police. I heard her say that he looked sketchy and that he had an AK-47 and was hiding behind cars. I told her she had to go inside, but she wouldn't listen to me.

While outside, she freaked out and told me to go inside. She said the man had pointed the gun toward her. I told her to lock the doors and to be quiet. We went to the back room and sat on the floor.

I asked her what happened and why she ran and she said because he was pointing the gun at her and was walking towards her. She said he didn't look right and that he was either not mentally stable or on drugs. It was a scary moment.

She kept talking with the police and I told her not to go outside. We heard something around here like someone walking out front. We kept waiting and after about 5 minutes we could hear the sirens.

I don't know if it was the sirens for here or for something else, but they sounded far away. They (911) kept asking her questions.

They got here (Police) and then I heard six shots. It was one shot and then five consecutive. So then we waited like 20 minutes and that's when I told them I was going to get up and for them to stay seated. I looked out and saw a cop putting up yellow tape. When I saw the cop putting up the caution tape, I saw an ambulance that was parked. I thought they must have shot him because there was an ambulance and the police putting up the tape.

I never saw him. When I went outside I could not see him.

At the conclusion of the interview I gave a business card containing my contact information to [REDACTED] and ensured she did not have any additional questions.

**SUBJECT INTERVIEWED:**

**WITNESS STATEMENT:**

On April 3, 2019, at approximately 1350 hours, I was contacted by Sgt. Lou MAGGI #5595 directing me to respond to the area of 190 E Calle Primera for an officer involved shooting investigation. I arrived on scene at approximately 1445 hours. At approximately 1509 hours, I attended a briefing conducted by Sergeant Anthony BREISE #6633. During the briefing I essentially learned the following:

On April 3, 2019, at approximately 1333 hours, multiple citizens called police and reported a male, later identified as Alfonso CERVANTES, was walking around a trailer park with a rifle and had discharged the weapon. Multiple officers responded to the scene. Officer MARTINEZ #7591 and Officer ADAMS #5384 arrived on scene and located CERVANTES on the opposite side of a fence in an alleyway to their west. CERVANTES was still holding the rifle and fired a round in what Officer MARTINEZ believes was his general direction. Before officers were able to engage CERVANTES, he walked away westbound and they briefly lost sight of him. Moments later, Officer MARTINEZ and Officer ADAMS reacquired a visual of CERVANTES in the next alleyway to the south. Officer MARTINEZ ordered CERVANTES to drop the rifle. CERVANTES did not comply and was ultimately shot. Officers rendered first aid, but CERVANTES was pronounced deceased at the scene.

After the briefing I obtained a witness statement from [REDACTED] At 1737 hours I contacted [REDACTED] at outside her residence, located at [REDACTED] I introduced myself and asked [REDACTED] if she would be willing to speak with me. She agreed and I obtained her statement. Detective Condon #6779 spoke with [REDACTED] and her [REDACTED] who were also in the residence at the time. I recorded my conversation with [REDACTED] (The following is a summary of [REDACTED] statement; it is not a word for word account and is not intended to take the place of listening to the recording in its entirety)

STATEMENT OF [REDACTED]

I live here at space [REDACTED] with my [REDACTED]. I was inside my residence with my children and my [REDACTED] when a little before 1330 hours I heard two loud "bangs." I did not think anything of the noise and I thought they might have been fireworks.

Around 1330 hours, after I heard the two loud noises, my [REDACTED] came up to my window. I do not know my [REDACTED] name, but she lives in the space directly north of me (Space [REDACTED]). She told me to be careful, because there is a guy walking around with a gun.

I told all of the girls to lay on the ground on the far side of the residence (the west side of the RV). I called the [REDACTED] and asked him what was happening. I called him immediately after my neighbor had come up to my window and said to be careful. [REDACTED] said he did not know what was going on and to call 911.

I called 911 and we were all laying on the ground. While on the phone with 911, I heard approximately two (2) soft bangs followed by four louder ones. We stayed on the ground for approximately five minutes until officers knocked on the door.

When I got up and looked around, I noticed a spray bottle had been broken on the other side of the residence (the east side of the RV). The bottle was on a nightstand next to the bed on the east side of the residence. The bottle was not broken before I called 911.

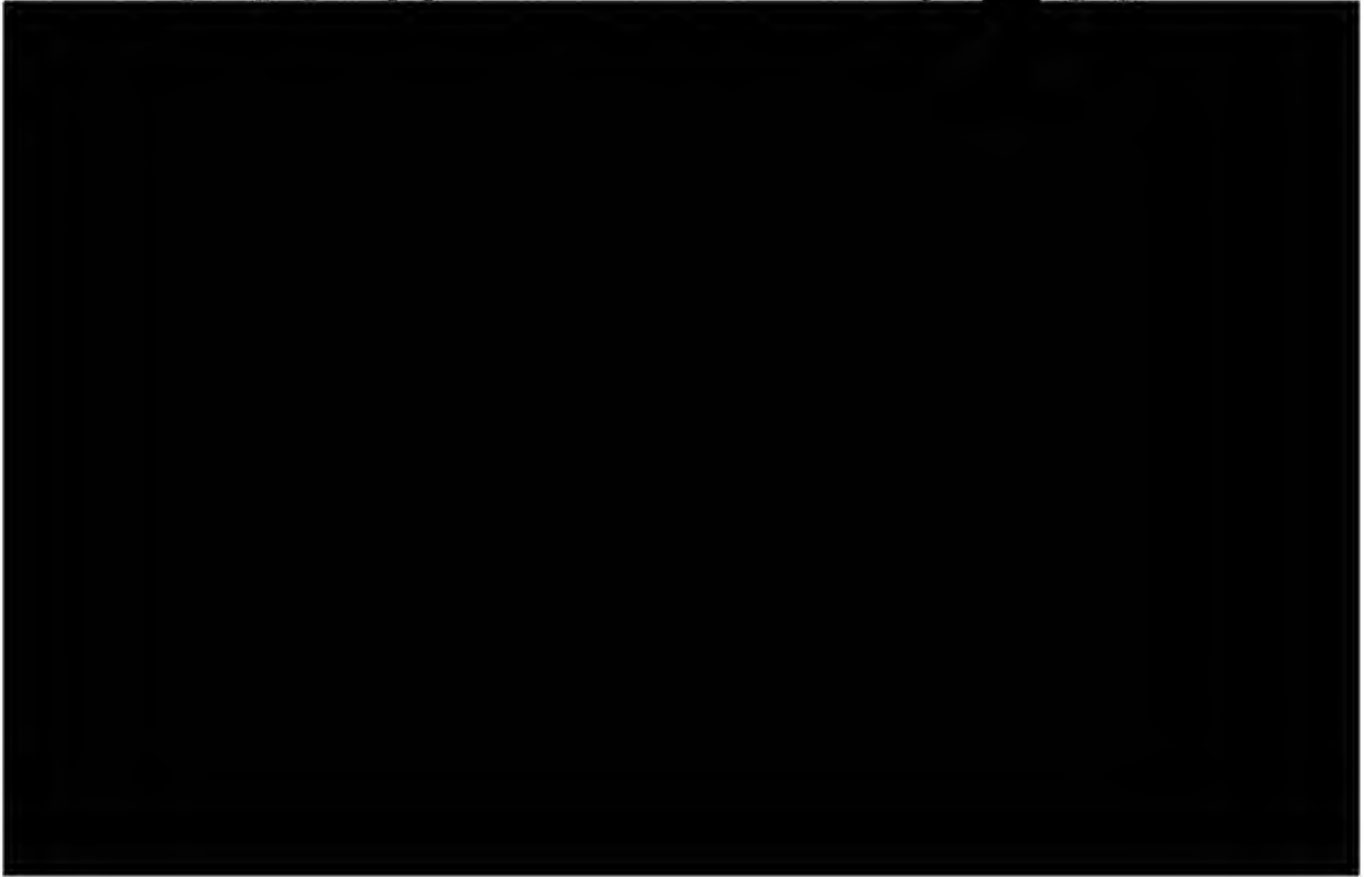

I did not go outside of my residence and I did not see what had happened.

Between 1430 and 1500 hours the [REDACTED] called me and asked me about the people in space [REDACTED]. I do not know the people who live in space [REDACTED]. I might have seen the lady who lives there twice before. I did not have any information to give [REDACTED]. Her phone number is [REDACTED].

This concluded my interview with [REDACTED]. For further details, see the audio recording.

**STATEMENT OF** [REDACTED]

I live here at space [REDACTED] with my [REDACTED] and our new puppy. I have [REDACTED]

I was standing outside of my residence feeding the puppy, with my [REDACTED] when I heard a "shot." I thought it was a gas explosion or something. I told [REDACTED] to go back inside and I went to go see what was going on. I started walking to the end of the RV when a guy came around the corner. He was a short guy with a "big" and "black" gun, a rifle.

I was standing on the east side of the RV between space [REDACTED] and space [REDACTED] when he walked around the south side of the RV, walking east. I was standing about halfway down my RV when he came around the corner.

When I saw him with the gun, I no longer thought the sound I had heard was a gas explosion. I thought he had just killed someone at the hotel. I remember hearing that it is better to not run in this type of situation. I asked him, "Hey what's going on" in Spanish. He stopped walking and turned towards me. He responded in Spanish, "I need to kill this one, she is going to fuck me up." I said "Ok then" and he starting walking eastbound again.

A couple of seconds later, he was walking and I heard approximately three gunshots. He went to the ground and I ran back inside my residence. I thought it was other people who had shot him and I did not know the police were there. I did not see who shot him, I only heard the shots and saw him fall to the ground. He fell to the ground in the street in front of my residence. The street is to the south of my residence.

He was holding the gun when he was shot. The gun was in his hands, but I do not know how he was holding the gun. The gun was on his right side, the side away from me.

This all happened about an hour or more before now. I am not sure what time it was when it happened, because I did not see any clocks.

[REDACTED]  
My [REDACTED] may have seen him around before. [REDACTED] was doing laundry across the street when this happened. He can be contacted on his phone at [REDACTED] or by email at [REDACTED] I do not have an email.

This concluded my interview with [REDACTED] For further details, see the audio recording.

STATEMENT OF [REDACTED]

I saw him around 1:00 PM. I heard two gun shots. I couldn't tell what direction they came from. I saw him standing there holding a rifle. He was wearing a red shirt. He was a dark skinned Hispanic male, approximately 45-47 years old, and was wearing a red shirt and pajama pants.

He was holding a long gun. I don't know firearms, but I think it was an AK-47. After I saw him, I closed the door to my trailer. I ran into the room and told [REDACTED] that there was a guy with a gun outside. I looked through my window and saw him walking east, then north, then west. Then I saw police officers show up. I grabbed [REDACTED] and took off. When we started driving away we saw police officers performing CPR.

When I was about to get in the car, someone told me to get inside and I heard additional gun shots. I heard two rounds at the beginning and then two additional rounds. I heard the shots before police officers arrived.

I have never seen him before.

His [REDACTED] stated there was a shooter around the corner and he was aiming the shotgun at people and was shooting it off in the air.

I got into the company truck and drove to the front office. I tried calling 911, but it did not go through. I told the office and they contacted you guys (Police).

I called [REDACTED] and told him that there was a shooter on his side of the building. He said he had heard something, but he was not sure what it was. I told him it was probably the shooter shooting.

They (Police) showed up and entered the area where I was parked initially. They started to pursue the shooter and shot the suspect. I heard one shot. It was when the police arrived. The only gunshot I heard was from the police.

I did not see the man. I just showed up and was getting my [REDACTED] laid out. I was only there for about 15 minutes.

Officer Lacarra informed me there was an additional witness named [REDACTED] who saw the suspect as well. I interviewed

all four witnesses individually, one at a time, inside one of the empty hotel rooms. These interviews were recorded for clarity and copied to CD's. The CD's were impounded at the Headquarters' Property Room.

This is an "in essence" report and is not meant to be a word for word account of my conversation with [REDACTED] The following, paraphrased, is his statements and answers to my questions:

**STATEMENT OF [REDACTED] (WITNESS):**

*I have been working as a [REDACTED] for my [REDACTED] for approximately 3 ½ months now. We have been [REDACTED] at this particular [REDACTED] on and off for approximately 1 ½ months now. This morning around 0700 hours, I got to [REDACTED] I was on the second floor at the northwest corner in the last room. Inside one of the rooms [REDACTED] Today it was [REDACTED] and myself [REDACTED] I don't know either of [REDACTED] last names. We were all [REDACTED] in separate rooms. I don't know what rooms the other guys were in.*

*Between 1300-1400 hours, I heard what sounded like two shots, but I thought the noise was from people throwing away things in the dumpster so I didn't really think anything of it and continued working.*

*A couple of minutes later, my [REDACTED] who goes by [REDACTED] came into the room and told me to get to a safe place because he told me he received a phone call from the [REDACTED] about a man outside shooting a gun. [REDACTED] and I went outside to see what was going on. We were still on the second floor and we walked over to the south side of the middle of the building. We were by the railing looking southwest over to the direction of the parked trailers in case anything happened. We did not see anything, but next thing we know we heard one single shot. We turned to our right hand side and saw below on ground level, the suspect holding a black M-16 style rifle. He pointed the barrel of the rifle at us and he made eye contact with us. He said in Spanish "Vallanse ala verga" which means "Get the fuck out of here." He was approximately 60' away from us right at the southwest corner where the fence ends and there is a driveway.*

*The suspect had short hair, was 5'6"-5'7", 220 lbs., thick build, wearing a red t-shirt and dark colored pajamas. He was Hispanic. I have never seen the suspect before. I'm not familiar with the tenants here. I just go to and from [REDACTED]*

*[REDACTED] and I ran as fast as we could. [REDACTED] went into one of the rooms on the far southeast corner, and I turned the southeast corner and went over to the north side of the second floor of the building. As I was turning the corner, I saw police officers coming in to the area. They told us to get into a safe place. I went into room [REDACTED] and stayed there. I waited a minute later and then I heard 6-7 shots. I looked outside and saw the cops running from the electrical box towards the trailers. After that I waited for a minute and then I learned the suspect was shot from [REDACTED] because he was coming out of his room.*

After obtaining [REDACTED] statement, I asked him if he could physically walk me through the building to show me where he was initially when he heard the shots, where he stood when he saw the suspect, and which room he ran to. [REDACTED] agreed and walked me through the scene.

[REDACTED] showed me Room [REDACTED] which was the room he stated he was [REDACTED] in for approximately 30 minutes. The room was located in the northwest corner. He showed me where the dumpster was located where he thought the loud noise came from. The dumpster was approximately 10' away from Room [REDACTED] on ground level. The location which [REDACTED] stood when they made eye contact with the suspect was on the second floor in between the southwest and southeast side. He pointed out for me where the suspect stood when he pointed the rifle at them which was north of the fence line near the opening on the southwest corner of the lot. [REDACTED] then walked me over to the rooms which he believed [REDACTED] went into and pointed to Rooms [REDACTED] and stated it was one of those rooms. He pointed to the electrical box where he first saw the police officers which was located west of the Travelodge entrance. He then showed me the room which he hid in. This room was Room [REDACTED]
